

STATE AID FOR HARBORS, PLAN

Solons Plan Bill To Bar All Aliens From California Lands

Their Marriage Will Unite 2 Millionaire Families of Chicago

ARMY RAZES ANCIENT CITY

Miss Lolita Armour and John J. Mitchell, Jr., who are to be married soon, ought to be able to meet the household bills without much trouble. She is said to be worth \$10,000,000 herself and her father is J. Ogden Armour, Chicago meat king. Mitchell is the son of a millionaire Chicago banker. This picture shows them out for an automobile ride.

RUSSIAN TRADE QUESTION UP TO HARDING

MARION, O., Dec. 28.—Restoration of trade with Russia is being urged on President-elect Harding by many of his influential advisers and is being seriously considered as one of the proposed policies of the incoming administration.

The reported cancellation by soviet Russia of millions of dollars' worth of contracts with American firms today threw the Russian question into the front rank of problems facing Harding.

Hoover Backs Plan
Herbert Hoover, Nicholas Murray Butler and others who were in Marion recently, urged upon Harding the necessity of opening up the latent wealth of Russia. Until this is done, they declare, the economic turmoil of Europe and the United States will continue.

Harding, however, has no sympathy with the soviet government. It is said, and is opposed to doing anything which would extend its power.

Oscar Straus, of New York, conferred here with Harding today about the aspirations of American Jewry for the appointment of one of their faith to be ambassador to Germany when diplomatic relations are resumed.

Straus is a leading Jewish philanthropist, a former ambassador to Turkey and was a member of President Roosevelt's cabinet.

DEATH SUMMONS ANSWERED BY J. D. THOMAS

J. D. Thomas is dead.

He was stricken suddenly yesterday afternoon at 5 o'clock at his home, 1428 North Broadway. He was 63 years of age.

Funeral services will be held Thursday afternoon at 2 o'clock at Smith and Tutill's undertaking parlors. The Rev. J. A. Stevenson, pastor of the First Presbyterian church, will officiate.

Mr. Thomas is survived by his wife, two daughters and son. The daughters are Miss Lena Thomas, of the First National bank and Mrs. Hazel Northcross, who is at Tampico, Mexico. The son, Dan H. Thomas, is an engineer with the government reclamation service and at present is stationed at Las Cruces, New Mexico. Dan Thomas' half brother, Harry Buss, resides at Groveland, New York.

Mr. Thomas has not been in good health for the past five years, or since he suffered a nervous breakdown. He retired from active business about three years ago. He was able to be around and was quite active. Yesterday morning he complained of pains in his chest and remained in bed until a late hour. He got up for a while during the day and went to bed again at 3 o'clock. The end came suddenly two hours later.

Joel D. Thomas was born in what is now a suburb of Chicago on July 26, 1857, and came to this vicinity from Knowlesville, N. Y., in 1893, twenty-seven years ago, settling on a ten acre ranch at Tusin. The family resided on the ranch, which was known as the Vanderlip place. Main street, Tusin, for thirteen years, moving into Santa Ana fourteen years ago.

TROOPS MINE BUILDINGS IN FUME

D'Annunzio Forces Preparing for Last Stand as Blockade Tightens

ROME, Dec. 28.—Wreathed in smoke from burning forests and exploding mines, Fiume today neared surrender to Italian soldiers. At 10 o'clock this morning regular troops had drawn a tight line around three sides of the city.

Thorough barricades and wire entanglements the soldiers edged their way through crooked streets until they had undisputed possession of a number of important structures.

ROME, Dec. 28.—Land and sea operations developed rapidly around Fiume today. With constantly increasing pressure, regular forces crept toward the heart of the city.

Thirty regulars have been killed and 150 wounded in the sniping, bombing and mining defense of the D'Annunzio troops who have fallen back to the center of the city. The handsome stone bridges, once a feature of the port's architecture, have been wrecked as the troops drew back. Every approach to headquarters has been mined. Orders were issued that no buildings were to be spared if their destruction would hamper the regulars.

Navy Blockade Tightens
It was denied officially that D'Annunzio has been wounded. Regulars have been instructed to withhold fire until compelled to shoot in order to continue the advance.

The naval blockade tightened with that of the land forces, but it denied there had been any bombardment by heavy guns.

D'Annunzio's wide experience during the great war was exemplified at Fiume in the construction of the city's defenses.

The mines destroying roads and bridges and impeding the progress of the regulars, the barbed wire entanglements, the nests of machine guns and the location of snipers in steeples were planned from his observations over the Italian and enemy lines.

Fiume was more of a fortress than a residential city. Its citizens were beginning to feel the blockade and the wreckage in the city streets added to their demoralization.

Poet Meets Opposition
The post was said to have suppressed ruthlessly any attempt of citizens to oppose his program. That the commandante was contending with opposition within the camp was shown by a rumor that Mayor Gigante sought a parley with General Cavigli, commanding the regulars.

Dr. Balasich, former councilman of Fiume, was reported to have escaped from prison and fled to Abazia, where he declared the legionnaires were treating the city as a conquered municipality with no regard whatever for the rights of its people.

D'Annunzio's decree militarizing all city employees met with resistance, he said, and 160 leaders were arrested.

Similar reports were brought out by former Mayor Zanella, who was downcast over the city's plight.

Following a cabinet meeting, it was announced that General Cavigli expected to occupy Fiume by Tuesday afternoon. The cabinet also announced that 15-year sentences would be given supporters of the Fiume legionnaires in their "lawless acts."

Presidential Yacht Mayflower Is Damaged by Flames

WASHINGTON, Dec. 28.—Fire broke out today on the presidential yacht Mayflower at her dock on the Potomac.

Officials at the navy yard were unable to say how serious the damage was. Several fire engines were rushed to the docks to fight the flames.

After the blaze had burned for 35 minutes firemen got it under control, but were still unable to ascertain the cause or probable extent of the damage.

They believe, however, that the blaze started in the hold of the yacht.

URGE ROOSEVELT AS LEGION'S FAVORITE FOR FEDERAL PLACE

MARION, Dec. 28.—Appointment of Theodore Roosevelt to a prominent position in the new administration was urged of President-elect Harding today.

This recommendation was made in behalf of ex-service men by John Maher, of Nebraska, one of the organizers of the American Legion.

He suggested Roosevelt for assistant secretary of war or of the navy.

TO ELECT OFFICERS AT KIWANIS MEETING

Kiwanis club officers for 1921 are to be elected at the club luncheon at James' cafe tomorrow at 12:15 p. m., according to announcement sent out to Kiwanians today.

J. E. Gowan will be the chairman of the day and is to furnish the week's attendance prize. Gowan has arranged to have J. C. Metzgar, secretary of the Chamber of Commerce, speak at the luncheon tomorrow. Metzgar is to speak on "Co-operation of Organizations for Civic Betterment."

Sixty minutes of genuine good fellowship is promised to the Kiwanians who attend the meeting.

AUTOIST IS DROWNED IN SHALLOW PUDDLE

OAKLAND, Dec. 28.—Robert Lyons, vice-president of the Stewart Fruit company of San Francisco was drowned in eight inches of water when his automobile skidded and overturned in a mud puddle near Fairfield.

Mrs. Lyons was driving and had turned out to allow another machine to pass when the accident happened. It is thought that Lyons was stunned when he was thrown face first into the puddle.

NEGRO BUTLER DIES FROM TURKEY SURFEIT

DEI MONTE, Dec. 28.—Brinkley Jackson, negro, well known in connection with hotels and clubs, died at Pebble Beach from acute indigestion, said to have been brought about by an overindulgence in a Christmas day feast. Jackson was butler for Leslie Belt at Pebble Beach. Previously he was connected with the Virginia Hotel at Long Beach.

JUGO-SLAVIA WILL OPEN JEWISH SCHOOL

VIENNA, Austria, Dec. 28.—Permission has been granted by the Jugo-Slav government for the establishment of a Jewish state school at Gross-Beeserck, Jugo-Slavia, says a dispatch from that city.

The Jugo-Slav Minister of Education, explained that the school would be established in accordance with the minority rights clauses of the Versailles Peace Treaty.

HUNT SAILOR AND \$72,000
BALTIMORE, Dec. 28.—A general alarm was sounded in police and naval circles for the arrest of H. W. Meyers, 29, member of the crew of the United States Destroyer Scattered, alleged to have absconded from the Norfolk Navy Yard with \$72,000.

WILL EXTEND AIM OF JAP MEASURE

Dutch and British Interests Under Ban In Proposed Legislation

SAN FRANCISCO, Dec. 28.—Sweeping legislation which may go so far as to extend the present anti-alien land law of California whereby Japanese are forbidden from holding land in this state, so as to affect all aliens instead of only orientals, is being planned for introduction at the session of the state legislature which will open next Tuesday at Sacramento, it was learned today.

Chief points for the anti-alien program planned for introduction into the legislature, prominent anti-Japanese leaders indicated, will be:

Amendment of the present California law forbidding Japanese holding land by title, lease, through corporations or by guardianship so as to strengthen it against attack in the courts.

Passage of a measure which will facilitate searching investigations to determine whether land titles are held in good faith or by "dummies" representing Japanese.

Possible extension of the entire anti-Japanese program to all aliens, in order to fortify it against attack either through diplomatic channels or in the courts on the ground of discrimination.

Hits Foreign Interests
Should the latter plan be carried to execution large interests might be affected. Dutch and British companies hold valuable oil interests in this state while there are extensive holdings centered in other foreign sources.

Of late there has been some agitation against the holding of oil properties by non-Americans and particularly against the extension of such holdings.

Yesterday's reports from Washington that Japan had withdrawn her protest against the anti-Japanese legislation apparently failed to alter the intentions of the anti-Japanese leaders to drive their program through the legislature.

"California will protect herself fully," one man prominent in the anti-alien movement declared, summing up the situation.

"We had unofficial reports that Japan had withdrawn her protest," said John S. Chambers, head of the anti-Japanese association. "We first received these Sunday."

"We first received these Sunday," said John S. Chambers, head of the anti-Japanese association. "We first received these Sunday."

"It has been my opinion that Japan's protest was largely camouflaged to cover some other purpose, whatever it might have been. Having either accomplished what she desired to do or else failed, the Japanese then withdrew their protest fidel at Washington."

The movement against Japanese owning land in this country has spread and reports here show that anti-Japanese legislation may be expected in Washington, Oregon, Texas and possibly other western states, all patterned after the California program.

CONGRESSMAN TO CONSIDER WIDENING OF LAW
WASHINGTON, Dec. 28.—The report that Japan had withdrawn opposition to the California land laws took a new turn today when Representative Kahn announced he had called a meeting of the house California delegation to consider widening the law to prohibit land holding by all foreigners.

The meeting will be held tomorrow, according to Kahn, who is ranking member of the California delegation. The meeting is considered

(Continued on page two)

He Now Heads Uncle Sam's Naval Forces In Asiatic Waters

Admiral Joseph Strauss succeeds Admiral Gleaves as commander of the United States Asiatic fleet. He has long been looked upon as one of the most prominent officers of the navy and his appointment to the new post met with favor among naval men generally.

'DRY' AGENTS OPEN NEW DRIVE AGAINST 'BAD LANDS' BARS

HURLEY, Wis., Dec. 28.—The second invasion of the "bad lands" of the north woods country by federal agents to create a wholesome respect for the national prohibition law, was in progress today with this village as the objective.

Seventy-five agents who slipped out of Chicago last night were expected to arrive here during the day to serve federal warrants on 59 saloon keepers and other alleged violators of the prohibition law.

Warrants for the arrest of the men were issued secretly last week by Judge K. M. Landis at Lacrosse, Wis.

Before issuance of the warrants by Judge Landis, several federal operatives came here last week and obtained evidence that many of the places were selling liquor.

HANDLEY ESTATE IN NEW COURT TANGLE

LOS ANGELES, Dec. 28.—The tangled affairs of Lorin J. Handley, late prohibition director of California, were further complicated today by a suit on file in the Superior court in which Mrs. A. H. Martin seeks to recover \$1,772 and to rescind a leasehold contract on an apartment building.

Mrs. Elizabeth J. Handley, the widow, is defendant in the action.

Mrs. Martin asserts she entered into a contract with Handley to purchase the lease and, after making the initial payment, she discovered he had made misrepresentations concerning the building.

INCOME TAX BLANKS OUT MONDAY, JAN. 3

WASHINGTON, Dec. 28.—Distribution of forms for filing income tax returns for 1920 will begin January 3, the bureau of internal revenue announced. Collectors, the bureau said, will simultaneously release six classes of forms.

The forms, the bureau said, are for making returns on corporation income and profits taxes, merchant marine corporation profits taxes and government contracts profit taxes; information as to subsidiary or affiliated corporation, schedule of taxable interest on Liberty bonds, and certificates of inventory.

HAMON DEATH SUSPECT IN NERVOUS COLLAPSE

WILSON, Okla., Dec. 28.—Suffering from a nervous collapse, Clara Smith Hamon, charged with murder in connection with the death of Jake L. C. Lyster, of this city, will leave next Monday for Mexico City to take charge of the most extensive campaign ever undertaken in Mexico for the eradication of yellow fever.

Director of the yellow fever branch of the international health board of the Rockefeller Foundation for Mexico, Central and South America, he will have behind him the resources of that powerful organization. In addition he will have the complete support and the direct cooperation of the Mexican government.

WELSH COMING BACK
NEWARK, N. J., Dec. 28.—Freddie Welsh, former lightweight champion, will make his first appearance here tonight in the ring since he lost his title to Benny Leonard. He is billed for twelve rounds with Willie "Kid" Green.

\$50,000,000 BOND ISSUE TO PROVIDE IMPROVEMENT FUND

SACRAMENTO, Dec. 28.—A bill calling for state aid for harbors will be presented at the coming session of the legislature by Assemblyman Hurley, of Oakland, it was announced today.

It is understood the bill will ask for a \$50,000,000 bond issue. It will be similar to the harbor improvement act of 1911 by which San Francisco harbor received state aid.

The new bill is intended to finance the development of the harbors of Los Angeles, Oakland, Richmond and other coast cities.

Practically every city on the coast with harbor possibilities is expected to be interested in the measure and the plan of those backing the proposed bill is to extend state aid wherever it is needed.

Should such a measure as that outlined above pass and the bond issue receive a favorable vote, it is expected that Orange county will benefit greatly by the law. Newport harbor is already looked upon as a state proposition and it not believed that Orange county would be overlooked in the distribution of funds.

APPROVES LOAN TO BALTIMORE AND OHIO

WASHINGTON, Dec. 28.—Approval was given by the Interstate Commerce Commission for a loan of \$5,200,000 to the National Railway Service corporation for the account of the Baltimore and Ohio railroad. The loan would enable the Baltimore and Ohio to purchase freight-train equipment costing \$14,233,000, of which amount it would be required to furnish about \$9,000,000.

POLICE NAB SUSPECT IN MYSTERY MURDER

SAN FRANCISCO, Dec. 28.—Charles Koller, said to have been formerly an inmate of the state hospital for the insane at Agnew, was in custody as a suspect in the murder of Fred Hunt, who was killed by a blow over the head with a gas pipe in the basement of the Hippodrome theater here three weeks ago. Koller was formerly from Portland.

FRANCE VOTES HUGE SUM TO AID POLAND

PARIS, Dec. 28.—France will help Poland again if she is threatened by the bolshevik, according to Minister of War Raiberti, arguing for the war department credits before the chamber of deputies today. He persuaded the chamber to vote credits of 40,000,000 francs for war material.

ARIZONA PLANNING BIG RIVER PROJECT

PHOENIX, Dec. 28.—A movement has been started in Phoenix toward a survey of contour lines, and of lands lying within Arizona and along the course of the Colorado river to determine the part that the state shall take in seeking a part of the benefit from the "impoundment of the river at the great stream and from the water power that is to be generated.

This task has been entered on at the suggestion of Geo. H. Maxwell, director of the National Reclamation association, and will be carried to the legislature on the basis of a resolution that now is being framed by a committee selected at a Chamber of Commerce "town meeting."

L. A. DOCTOR WILL FIGHT MEX. SCOURGE

LOS ANGELES, Dec. 28.—Dr. T. C. Lyster, of this city, will leave next Monday for Mexico City to take charge of the most extensive campaign ever undertaken in Mexico for the eradication of yellow fever.

Director of the yellow fever branch of the international health board of the Rockefeller Foundation for Mexico, Central and South America, he will have behind him the resources of that powerful organization. In addition he will have the complete support and the direct cooperation of the Mexican government.

MURDER AND SUICIDE IS BELIEF OF POLICE

SANTA CRUZ, Dec. 28.—Two woodsmen, John Grua and Sam Forsiti, were found dead in their cabin near the California Redwood Park. One had rifle bullet wounds in his temple, and the other was shot under an eye. Police said they believed it was murder and suicide.

The men were partners and recently disputed over money matters.

TO PROTECT MEXICAN WORKERS IN AMERICA

WASHINGTON, Dec. 28.—Agencies to protect the rights of Mexican workmen in the United States, will be established by the Mexican government at Laredo, Piedras Negras, Mexicali, and other border towns, beginning next January, it was announced at the Mexican Embassy.

The agencies will "see that all contracts between Mexican workmen and American employers are fulfilled," it was stated, and will endeavor to obtain the return of the workmen to Mexico upon expiration of the contracts.

TO DRILL DEEP FOR NEW WELL ON SANTIAGO

The directors of the Santa Ana Valley Irrigation company are drilling deeply in a new well that the company has begun on the south edge of the Santiago creek north of McPherson. The directors are expecting to produce a good water well with which to augment the company's present sources of supply.

The pit for the well has been dug to 177 feet, where water was struck. A contract for drilling from that point to a depth of 1000 feet, if the directors want to go that deep, has been let to the Roscoe Moss company of Los Angeles.

Preparations are being made by O. E. Mansur, secretary of the S. A. V. I. Co., for the annual election, which is to be held at the company's office at Orange February 1. The president, A. N. Saxon, and the secretary are to prepare the annual report of the directors of the company.

This report will be submitted to the stockholders at the annual meeting. The directors of the company are A. N. Saxon, George Dierker, A. G. Finley, W. A. Greenleaf and I. L. Marchant.

The monthly report of the company's superintendent, W. A. Ralph, just filed with the secretary reads as follows:

"Work done during the past month is as follows:

"I have constructed back-up gate at Olive Reservoir to sluice reservoir and have sluiced part of reservoir.

"I have made 704 feet of 12-inch, 516 feet of 16-inch, 1052 feet of 24-inch, 582 feet of 18-inch and 78 feet of 36-inch cement pipe, and have washed 2266 feet of 12-inch, 516 feet of 18-inch and 12000 feet of 12-inch cement pipe.

"Pumps Nos. 1, 6 and 8 have been overhauled and installed for the coming year.

"I have done the usual cleaning on the main canal.

"I received and stored one car of Victorville cement."

THE WAY TODAY.

"Drop in sometime and take pot luck."

"Thanks, old man."

"That is to say, take your chances with the fireless cooker." — Louisville Courier-Journal.

A German recently designed a commercial airplane which, with its wings folded alongside the fuselage, may be shipped on a single railroad car and dismantled or assembled in less than 15 minutes.

EMBEZZLEMENT SUIT ALLEGES CONTRACTOR NEGLECTED TO PAY

The preliminary hearing of E. R. Proud, of La Habra, charged with embezzlement, was scheduled to take place this afternoon in the court of Justice John B. Cox.

The embezzlement charge was placed against Proud December 13 by J. J. Webster, of La Habra, who alleges that in December, 1919, he entered into a contract with Proud for the construction of a house.

Under the terms of the contract, it is charged, Webster was to pay Proud certain sums as the construction went along, which sums of money Proud was to use in paying for the building materials.

The complaint alleges that Webster turned over to Proud \$1700, which Proud was to turn over to the Brown-Dauser Lumber company, as part payment for a bill of \$1921.13 for building materials. Webster alleges that Proud collected the money from him, but never paid the Brown-Dauser company.

Proud has been at liberty since his arraignment, on \$500 bail.

HUNGARY RELEASES POLITICAL PRISONERS

BUDAPEST, Dec. 28.—As a Christmas deed to aid in restoring social peace, the recent granted amnesty to revolutionists, and communists.

Those pardoned included communists serving prison sentences of less than five years, and those imprisoned in the "white terror" prior to the meeting of the national assembly. The order does not apply to common criminals.

ALLEGED ASSAILANT OF GIRL IS HELD

MARTINEZ, Dec. 28.—E. W. Brown of Pittsburg, taken into custody on a charge of attempt to assault a 14-year-old girl, was given his preliminary hearing before Justice of the Peace Fitzgerald of Pittsburg and held to answer to the superior court. His bail was set at \$2,000, in default of which he is still in the county jail here.

Brown claims he had been drinking during the day preceding the alleged offense and did not know what happened from noon until he came to in the county jail here.

It is believed that the earliest food store laid aside for his wants by man, and which is still in existence, is a jar of honey found in an Egyptian tomb, and probably placed there for the sustenance of the dead during the journey across the Stygian river, says the American Forestry Magazine. When found the honey had changed into a very dry candy, and it had lost its sweetness, though it could be still identified as honey.

ENTERS BURNING HOUSE TO SAVE LIFE OF BABY

With her house a seething mass of flames and the doorway blocked by the terrific heat, Mrs. G. Gomez, Mexican, of Garden Grove, climbed through a window of the burning structure to save her baby. Crawling along the floor until she reached the bed where the child lay untouched by flames, the Mexican woman fought her way back to the window with the child and both escaped unharmed.

The house and contents are a complete loss. A sum of money that had been saved up on which to return to Mexico, was also destroyed by the flames.

The fire was said to have started from candles on a Christmas tree which were lighted by children during the absence of the mother. Later, while the children and their mother were in the yard outside the house they saw the flames leaping from the door and windows. The mother made no attempt to put out the flames but devoted all her energy to saving the baby from a tragic death.

The house was situated near the Hammett blacksmith shop and is owned by the Reverend Ames of the Free Methodist church of Garden Grove.

The fire occurred shortly after 2 o'clock yesterday afternoon.

CHINESE REFUGEES MAY BE REGISTERED

WASHINGTON, Dec. 28.—The 398 Chinese who came out of Mexico with the Pershing punitive expedition as refugees would be permitted to register with the commissioner of immigration under a joint resolution introduced by Chairman Wadsworth of the Senate Military committee.

The resolution says the Chinese cannot return to their homes in Mexico with safety and "cannot at this time be deported to any other place justly and humanely."

U. S. GRANT CAUSES OIL STOCK TO SOAR

SAN FRANCISCO, Dec. 28.—Consolidated Oil company jumped from \$2.50 to \$5 a share on the San Francisco Exchange, as the result of the decision by Secretary of the Interior J. B. Payne granting a lease to the company of seventeen quarter sections in Naval Reserve No. 2 in the Midway field, which had been impounded during litigation over the company's right to the land.

At the close the stock was quoted at \$4.75 bid, after 1900 shares had sold at \$5 a share.

The land in question is in Fresno county. It long has furnished a question for contention between the government and company after the withdrawal order had brought a halt to all development work.

NEW MOVIE CONCERN IS FORMED IN NORTH

SPOKANE, Dec. 28.—Incorporation papers, filed here by O. P. Woodward, a local theater manager, and a group of associates, for the organization of the Woodward Enterprises, Inc., capitalized at \$1,000,000 to engage in the motion picture and theatrical production business.

It was announced by Woodward that the company would take over the Enwood Motion Picture company of Denver and the General Film company of Portland, in which he is interested and has rented a motion picture studio here for the production of pictures, starting next spring.

COLLEGE BOYS READ, BUT GIRLS TOO BUSY

CHICAGO, Dec. 28.—American college girls have no time for reading, not even of the daily newspaper, but American boys frequently call on the libraries for technical books, according to speakers at the opening session of the American Library association.

"The war made bookworms out of the American Expeditionary force," said Henry O. Severance, librarian of the University of Missouri.

WOMAN IMPRISONED FOR ATTACK ON GIRL

SAN JOSE, Dec. 28.—Mrs. Providence Mazzare, wife of a rancher, was taken to the San Joaquin State Penitentiary today to serve an indeterminate sentence of from one to fifty years. She was convicted as an accomplice of four of her male relatives in criminally attacking Mary Schire, a young San Jose working girl. The men are given similar sentences.

The Schire girl was dragged into an automobile while walking along a street here on April 7, 1919, taken to a nearby ranch house and attacked.

FREIGHT FERRY DAMAGED

SAN FRANCISCO, Dec. 28.—The gasoline-operated freight ferry boat Anna, running between here and San Rafael, caught fire and the crew was compelled to run her on to the mudbanks of San Rafael Creek to save themselves. The boat was badly damaged.

EX-JUSTICE STONE DEAD

DENVER, Dec. 28.—Wilbur F. Stone, former justice of the Colorado State Supreme Court, first general attorney of the Denver and Rio Grande Railroad and former editor of newspapers in Evansville, Ind. and Omaha, Neb., died at his home here. He would have been 87 years old today.

BATTLE DURING FUNERAL

BILBAO, Spain, Dec. 28.—As the funeral of a workman passed through the streets the processionists compelled pedestrians to uncover. A dispute followed in which a policeman and a workman were wounded by revolver shots.

WILSON CELEBRATES HIS LAST BIRTHDAY AT THE WHITE HOUSE

WASHINGTON, Dec. 28.—President Wilson is 64 years old today. His last birthday in the White House was distinguished from other days only by the presence of his three daughters, Mrs. William McAdoo, Mrs. Francis Sayre and Miss Margaret Wilson.

Beside being present for their father's birthday, the daughters are here to attend the wedding tonight of Miss Marjorie Brown, a niece of President Wilson. The latter also may attend.

GROVE FARM BUREAU HEADS RE-ELECTED

The four officers of the Garden Grove Farm center were re-elected at a meeting held in the Garden Grove theater last night, as follows:

President, A. C. Stanley; vice-president, E. R. Stillens; secretary, Waldo Tourment, and director, Carl Nichols.

Permanent committees selected at the meeting included the road committee, Milo Allen, R. B. Ritchie and W. B. Hennyon; demonstration committee, H. A. Lake and Dr. C. T. Violett, and a program committee, J. O. Arley and H. Blaholder.

Prof. R. V. Shear, of the State Department of Agriculture at Sacramento, was the principal speaker at the meeting. Professor Shear is official seed inspector for the state and gave an interesting talk on seed potatoes.

Shear told of value of using certified seed for potato planting to produce the largest possible crops. He told also of the diseases common to potato in Orange county and gave several methods of controlling these diseases.

H. B. Woodrough spoke on the Farm bureau membership campaign and told of the progress made in preparations for the actual campaign for members, which will be held in Garden Grove from January 12 to 16.

J. A. Knapp and H. E. Wahlberg spoke on the California Sugar Beet Growers' association and urged the beet growers present to join. Knapp and Wahlberg presented the value of the beet in solving the problems of the beet grower. Nine beet growers of the Garden Grove district signed to become members of the association.

URGES CROSSING STOPS FOR SAFETY

REDLANDS, Dec. 28.—Current issue of the Santa Fe Employees' magazine is to contain an article by A. T. Muirhead, of the company's local freight office force, on the prevention of grade crossing accidents. While the plan advocated by Mr. Muirhead is not entirely original with him, it has never been publicly advocated in this country so far as is known here.

Muirhead says that if all motorists were forced to come to a dead stop, even slow down to a very low speed, there would be no accidents. He states that he knew or read of an instance where a driver stopped before crossing a track in which there was an accident. To accomplish this he would have either a sharp depression or a ridge across the highway just a few feet from the railroad track. This, he says, would compel motorists to be willing to stop, as the obstruction would be sufficiently large to bring grief were it disregarded.

This plan is largely used in England and France, Muirhead declares, and has proven entirely satisfactory. He says the motorists would soon become used to the speed-reducers and would act accordingly as a matter of habit. He says that if such a safety device had been in use at the Hesperia Santa Fe crossing the distressing accident there a few days ago, in which Dr. E. Scott Blair and family lost their lives would have been avoided.

POSTPONE ACTION IN \$25,000 SUIT

HOUSTON, Tex., Dec. 28.—Postponement of appearance today in the 55th district court until Tuesday, January 4, stopped defendants filing an expected answer to the damage suit filed several weeks ago by G. V. Sanders, editor of the Houston Press, asking \$25,000 for alleged false arrest.

The defendants, Colonel Billie Mayfield, Texas national guard, and three lieutenants of the guard, were expected to file answers to the charges brought by Sanders, F. F. Smith, assistant attorney general of the state, is acting for Mayfield.

Sanders charged the officers with attempting to arrest him following attacks by the press on the military occupying Galveston during the longshoremen's strike. Sanders is asking the court to decide if the military may come out of its zone of operations and arrest civilians.

The United States Postal department recently contracted for sea plane mail service between the United States and Cuba, the mail to be transported by rail to Key West and thence to the Cuban capital.

Ohio has the greatest surplus of labor that it has had in several years.

FINDS BODY OF MISSING WIFE ON BEACH

LONG BEACH, Dec. 28.—Searching for his wife after she had vanished from their home during the night, George H. Morning, a shipyard worker, came upon her body this morning on the beach here. It had been washed ashore by the incoming tide.

Morning said his wife had been acting strangely for some time and he expressed the belief she had committed suicide.

There are four children in the family.

SOLONS FAVOR BAR AGAINST ALL ALIENS

(Continued from page one)

highly significant in the light of these two points:

1. Application of the present anti-alien law to all foreigners would automatically nullify the protest of Japan against the measure as discriminatory to Japan even if Japan continued her opposition.

2. Widening of the law would act as a check against the large British oil holdings in California. It was intimated in one authoritative quarter that the reason for Japan's reported withdrawal of her protest against the law was because Great Britain was worried over the future of her California oil interests.

Crossed, could have been exerted by Great Britain upon Japan to withdraw her protest.

Californians Aroused

Kahn has decided to recommend to the California delegation extension of the law. If other members of the delegation approve such a step the recommendation will be made to the California legislature. California representatives in congress are thoroughly aroused over the question of foreign land holding as precipitated by the Japanese issue. They declare it is the inherent right of California to protect her rich oil and timber lands and mines. Emphasizing the necessity of such action, they point out that Japan prohibits the holding of land by foreigners and that Japanese born in this country maintain the dual allegiance of the Mikado, as did the German subjects to their emperor when they became citizens of foreign lands.

However, widening of the law might tend to weaken the demand of the United States for an absolute exclusion of Japanese immigration. In the negotiations Japan, it was understood, was in effect to be compensated for agreeing to amendments to the "gentlemen's agreement" providing for an air-tight exclusion by a treaty guaranteeing land rights to Japanese already in the United States.

Would Scrap Treaty

The report that Japan had withdrawn her objection to the California law was again reported in authoritative sources to have come from the state department. Whether such notification was given the state department by Japan in writing is not known but it is understood that the reported action of Mikado's government will result in the proposed treaty to guarantee land rights to Japanese being "scrapped."

Members of congress from California intend to continue their fight for strict exclusion of Japanese immigration. Kahn said it was his understanding that the state department will continue negotiations with Ambassador Shidehara to bring this about, but any agreement reached requiring approval of the senate may be postponed until the Harding administration comes into office.

BROLASKI PLAYING RACES AT TIA JUANA

SAN DIEGO, Dec. 28.—Harry Brolaski couldn't beat federal prosecutors, but he is reported to be "beating" the races at Tia Juana.

Brolaski, reformer, former Mayor of Redondo Beach, who was recently convicted of a state-wide "whiskey ring" and who now has a two-year sentence hanging over his head, is spending the days until he begins serving his sentence or gets a new trial, here and at Tia Juana.

Brolaski evidently is not worrying. Every day he crosses over to Tia Juana, where, it is said, he owns a "string" of race horses and plays "the ponies."

PENNSY' RAILROAD TO REDUCE FORCE

PHILADELPHIA, Dec. 28.—President Rea of the Pennsylvania Railroad system announced present business conditions "will necessitate further reduction in the number of employees and in the working expenses and capital expenditures until the situation improves."

It is understood the management plans to cut expenses 10 per cent.

LIEUT. O'BRIEN LAD TO REST IN ILLINOIS

MOMENCE, Ill., Dec. 28.—Funeral services were held here for Lieut. Patrick O'Brien, formerly of the Royal British Flying Corps, who killed himself at Los Angeles last week after failing to obtain a reconciliation with his wife, Capt. R. E. Grant, assigned by the British Embassy at Washington and Governor-elect Small were among those who attended the services which were conducted by the Rev. F. Wilson.

AMBASSADORS HEAR REPORT ON GERMANY

PARIS, Dec. 28.—The council of ambassadors at a meeting which was attended by the American ambassador, Hugh O. Wallace, referred to the Allied governments the question of disarmament of the civil guards in Germany. The council asked the Inter-Allied Military commission, of which Marshal Foch is chairman, to submit an immediate report on the present state of execution of the military, naval and aerial clauses of the treaty, which will be sent to the Allies with the correspondence of the Inter-Allied commission in Berlin, with Germany on the subject.

The number of industrial enterprises in Moscow, Russia, fell from 681, which existed in 1917, to 173 on March 1, 1919.

Double Stamps tomorrow until 2:30 P. M. at Leipsic's.

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from that craving for tobacco in any form, your druggist will refund your money without question.—Adv.

COUNTLESS SENTENCED ON CHARGE OF AIDING SINN FEIN SOCIETY

DUBLIN, Dec. 28.—Countess Georgiana Markiewicz, Sinn Fein member of parliament, was court-martialed today on a charge of seditious conspiracy and was sentenced to two years at hard labor.

She was accused of attempting to organize a boys' Sinn Fein society.

NEGLECT ALLEGED IN DAMAGE SUIT

The Northwestern Mutual Fire association, which wrote the insurance on the Fullerton Union high school, today brought suit against the Deap Hardware company of Fullerton for \$1839.54 damages alleged to have been sustained in a fire in the cafeteria building of the high school some time ago.

The insurance company alleges that the fire was due to the faulty installation of a gas range which had been purchased from and installed by the Deap Hardware company. It alleges that the contract called for the installation of the gas range in satisfactory working order, but that it was installed close to the wooden baseboard, and so imperfectly adjusted that one of the burners was turned upside down, which overheated the stove and caused the building to catch fire.

The total damage alleged to have been sustained by reason of the fire is \$1839.54.

LOOT TOTALS \$225 IN TWO BURGLARIES

Deputy Sheriff Charles Holbrook today followed up clues found in connection with two burglaries in the northern end of the county. The burglaries were reported to the office of Sheriff C. E. Jackson this morning.

The residence of A. W. McPherson, of La Habra, was burglarized sometime during the past week, while the family was away from home over the holidays.

The burglars looted the house of four pairs of grey-checked, dark woolen blankets, one pair of blue double blankets, one pair of white double blankets with a pink stripe, and a number of towels, pillow cases, sheets, and two ladies' coats. The property is valued at \$125.

The burglars took their time about the "job," and even stopped in the house long enough to partake of a meal, having stolen a bottle of milk from the porch of the house across the street. Excellent fingerprints of the looters have been obtained by Holbrook.

The residence of Charles S. Knowlton, of Acacia avenue, Fullerton, was entered last night and a complete kit of valuable mechanics' tools was taken. The loot is valued at \$100. It is said that several clues as to the identity of the looters are in the hands of sheriff's deputies.

IOWANS CELEBRATE STATE'S ADMISION

Numbers of Santa Ana and Orange county people, former residents of Iowa, today attended the celebration and dinner of their state's Admission day at the City club in the Charles C. Chapman building, Los Angeles.

John G. Spielman, of Long Beach, association president, presided.

Those who were to speak included Dr. Thomas H. MacBride, Judge Frank R. Willis, Dr. Alfred A. Rogers, Prof. William A. Bryan, Dr. C. P. Colegrove and Col. Frank H. True.

CARDINAL GIBBONS' HEALTH IMPROVES

BALTIMORE, Md., Dec. 28.—Cardinal Gibbons was reported as feeling better this morning after a comfortable night's rest. The doctor said that there was nothing wrong with the Cardinal except muscular weakness due to overwork. The Cardinal's restlessness was caused by a slight attack of indigestion. It is thought he ate a bit too much Christmas dinner.

AMBASSADORS HEAR REPORT ON GERMANY

PARIS, Dec. 28.—The council of ambassadors at a meeting which was attended by the American ambassador, Hugh O. Wallace, referred to the Allied governments the question of disarmament of the civil guards in Germany. The council asked the Inter-Allied Military commission, of which Marshal Foch is chairman, to submit an immediate report on the present state of execution of the military, naval and aerial clauses of the treaty, which will be sent to the Allies with the correspondence of the Inter-Allied commission in Berlin, with Germany on the subject.

The number of industrial enterprises in Moscow, Russia, fell from 681, which existed in 1917, to 173 on March 1, 1919.

Double Stamps tomorrow until 2:30 P. M. at Leipsic's.

Creeping softly and alone,
Hiding all my family's presents,
And discovering my own.

City and County

Nellie I. Morrow, 418 South Sycamore street, has won a \$2 prize in connection with a motion picture scenario contest being conducted by a Los Angeles newspaper.

J. C. Metzgar, secretary of the Chamber of Commerce, stated today that those who are to receive tickets through the Chamber of Commerce for the football game in Pasadena New Year's day may call at his office for the tickets Thursday of this week. While the tickets have not been received, Metzgar expects to have them Thursday morning.

"It's great," was the comment of C. Y. Martin upon his return yesterday from Long Beach. The remark was an expression of his admiration for the big naval bombing airplane built at the factory in Cleveland, O., owned by Glenn L. Martin, son of C. Y. Martin.

Word was received here today of the death of Mrs. Clara M. Mott, in Los Angeles. Mrs. Mott was the daughter of Mrs. Zerviah Porter Foster, both former residents of Santa Ana. Mrs. Mott taught school here in the 80s. Funeral services will be held Wednesday at 10 a. m., at the George Fitch chapel, 1201 South Hope street, Los Angeles. Interment will be made in Fairhaven cemetery, Santa Ana.

RUSHTON TO ADDRESS LATTER DAY SAINTS

John W. Rushton, member of the Quorum of Twelve Apostles of the Reorganized Church of Jesus Christ of Latter Day Saints, is scheduled to speak at the morning and evening services of the local church, Fifth and Flower streets, Sunday.

Mr. Rushton is said to be a gifted speaker and has electrified many audiences in Southern California by his addresses. He spoke here before at a dinner meeting in the basement of the First Baptist church. He has just returned from an extended trip through Australia and New Zealand.

ARREST ENDS LONG HUNT FOR EMBEZZLER

LOS ANGELES, Dec. 28.—A three-year hunt which drew through Mexico, Canada and the United States had ended today with David G. May, expert accountant, held without bail in the city jail on a charge of having embezzled \$20,000 from his former employer, a large Honolulu sugar plantation company.

May nearly collapsed when private detectives took him into custody. He admitted the charge, they say, and announced he would waive extradition. He lost the money gambling in the sugar market, he said, and fled after attempting to hide his thefts by means of forged checks.

BAG FAILS TO GIVE SUDOW DEATH CLUE

LOS ANGELES, Dec. 28.—A black leather traveling bag, lost by Mrs. Fay Sudow near Chicago last fall, was opened by detectives today, but failed to yield a clue which might throw light on her mysterious murder in the Edendale hills.

With the exception of a few cancelled checks and a statement showing she had deposited \$455 in the Mid-City Trust and Savings bank of Chicago, there was nothing in the bag of interest to the police.

Authorities are still baffled by the slaying of Mrs. Sudow, wealthy business woman, whose nude and mutilated body was found near here a few weeks ago.

New York Stock Market

NEW YORK, Dec. 28.—Stocks opened irregular. United States Steel 77 3-4, up 1-8; Southern Railway 20 3-4, off 1-4; Petroleum 154 1-2, off 3-4; Anaconda 31 1-2, unchanged; Sinclair 21 3-4, unchanged; Northern Pacific 78, off 1-8; New Haven 16 1-2, unchanged; General Motors 13 5-8, up 1-8; Crucible Steel 74 4-2, off 1-4; Reading 80 1-4, up 1-2.

On Friday evening, December 31st, at 8:00 p. m., Santa Ana Lodge No. 241 will install its officers for the coming year. All Masons and their ladies are invited. A special invitation is extended to all sojourning Brethren and their ladies. At 6:30 p. m. there will be a dinner for the members of Santa Ana Lodge and their ladies.

4 JAIL INMATES GIVEN RELEASE ON PAROLE

Four men who for some time had been held in the county jail were at liberty today, following paroles given them by the county parole board, which is composed of District Attorney L. A. West, Sheriff C. E. Jackson, and City Marshal Sam Jernigan.

One of the men who received parole is S. W. McMichael, of Brea, who had served four months of a six months' sentence imposed on him for battery.

The two others are Nick Portz and Percy Howe, oil workers of Anaheim. They had served two months of a six months' sentence imposed on each of them by Justice Howard of Anaheim.

During their trial the evidence showed that they had become drunk and had attacked, on a street at Anaheim, a man who was waiting for a stage, for the mere purpose of "roughhousing" him. It was also charged that they did considerable damage in the Anaheim jail when confined there following their arrest. Both had had good records previously, their "treat 'em rough" policy having been attributed to the ginger in Jamaica ginger.

McMichael also had had a good previous record.

The fourth man paroled was Herbert A. Farley, of Anaheim, convicted of petit larceny in connection with the theft of a bicycle which it was charged he took when it was left standing on an Anaheim street. He had served three months.

Plans for the opening of the Peerless cafeteria, 308 West Fourth street, on New Year's day, was announced today by George F. Reim, proprietor of the new establishment, when a special holiday dinner will be served, beginning at 11 o'clock.

Many modern features have been incorporated in the plans and construction of the new cafeteria. A combined cafeteria and cafe service, by which the customer can select a steak, chop or other delicacy of this nature from cold table display and have it cooked to order while selecting other things on the cafeteria counter, has been installed.

Automatic features and a spotless kitchen, open to inspection at all times, will feature the new establishment. The chef in charge is a former hotel chef of wide experience in various Eastern cities.

A canopy of imitation tile with suction fans placed over the steam table removes all objectionable odors from the room. The walls are in a paneled effect of two tones of gray with the fixtures to match.

LOS ANGELES, Dec. 28.—Through General Passenger Agent W. A. Young, the Pacific Mail Steamship company announced the allocation of several passenger vessels to its line by the U. S. Shipping Board. Several of these will be placed on the run from Pacific Coast ports to Calcutta and Bombay. The first one to come here will be the Creole State, a 2100-ton displacement vessel, combination and freight, carrying 84 cabin passengers. It will arrive at Los Angeles Harbor from Baltimore, January 13.

DENVER, Colo., Dec. 28.—Ten million dollars for state highway work and general good roads will be spent during 1921 in Colorado. The budget of the state highway recently announced calls for an expenditure of \$6,220,000 on state highways and various counties will spend an additional \$4,000,000 on county roads. This is the largest budget ever considered by the Colorado state highway commission, it was announced.

CALIFORNIA WINTER WHEAT PLANT SHORT

SAN FRANCISCO, Dec. 28.—Seven hundred and two thousand acres of winter wheat were sown in California this year, according to E. E. Kaufman of the Bureau of Crop estimates. This is ten percent less than last year, the condition of the crop was reported 95 percent December 1, compared to 77 in 1919 and a ten year average of 90.

BLAMES FARMERS FOR CLOSING OF BANKS

MINOT, N. D., Dec. 28.—The First Farmers' Bank of Minot was closed today, depleted reserve being given as the reason. The First Security Bank of Carpio, N. D., associated with the First Farmers' of Minot, also closed. The Minot and Carpio banks are owned by the Savings and Loan Trust company of Minot.

G. A. Ebbert, general manager of the trust company, said the two banks were closed because of the refusal of farmers to sell grain and liquidate their notes. He said they unquestionably would be reopened.

4TH ST. CAFETERIA CHANGES OWNERSHIP

H. W. Warwick and his brother-in-law, N. E. Mayhill, have purchased the Peerless cafeteria, 221 West Fourth street, recently sold by Warwick to Brown Brothers. The new owners are in charge.

Mr. Mayhill is a newspaper man, having been owner and publisher of the Journal at Delhi, Indiana, for many years. He sold his paper just before coming to Santa Ana. The family will make their permanent residence here, having already bought a home.

GOVERNORS IN LONG TRANS-CONTINENTAL TELEPHONE PARLEY

SACRAMENTO, Dec. 28.—Long distance records in state governor conversations were broken here this week when Vice President-elect Calvin Coolidge, governor of Massachusetts telephoned from Plymouth, Mass., to Governor Stephens here. Gov. Coolidge read a statement he had made on the occasion of the Tercentenary celebration of the "Landing of the Pilgrims."

The wire was pronounced as clear as a bell by Martin Madsen, the governor's secretary, who handled the message.

DRUG SALESMAN TELLS SECRET OF SUCCESS

"I believe in my company, its policies and its merchandise."

This is a motto that might well be adopted by any man or woman who desires to make a success of any line of endeavor, according to E. T. Mater, local druggist, who cited the case of Reid L. Crane, traveling salesman in charge of the Southern California district of the United Drug company, the parent organization of the 10,000 Rexall drug stores in the United States.

Crane, who is the son of Mr. and Mrs. W. M. Crane, 602 Cypress avenue, says that whatever success he has had while working for the United organization is due to the fact that he believes in his company, its policies and its merchandise.

All of Southern California is "covered" by Crane. Whenever opportunity offers he drops in on his parents in Santa Ana.

High tribute was recently paid Crane by H. L. Simpson, head of the United Drug company's sales department, with headquarters in Boston. Writing in a sales letter published by the company, Simpson said:

"Study the work of real, honest salesmen; then, if you feel you have a downright, sincere desire to be a success, I say to you, put into daily action, as I have nothing better to offer, the closing sentence of Reid Crane's letter to me, 'I believe in my company, its policies and its merchandise.'"

Further on, speaking of Crane, Simpson said:

"He believes in his merchandise, and to believe you must possess knowledge, and knowledge comes from study, the fulfillment of the desire to know."

"The salesman who is the greatest value to his house is the man who works his territory for himself. Let's be more like Crane; put more into our territory. The quality we put into our work controls the compensation we get out of it in the long run."

"In Southern California I have had the pleasure of visiting with Reid's parents, and when I saw the home he had established with them and the joy they expressed in speaking of their boy, well, words won't tell it; you must see it, you must feel it, and then you realize, as I did, Reid Crane, the man."

Mater, referring to the praise bestowed on Crane, said:

"There is no word of exaggeration in Simpson's letter. Everything that went into that letter is deserved several times over. Crane is really a wonderful salesman, and above all, he is a man."

PERSONALS

Miss Sedalia Cubbison, of Ontario, and Mrs. E. C. Battum, of Colton, are among the holiday guests at the Rossmore hotel.

Mr. and Mrs. F. Anderson, Miss Stella and Robert Armstrong and Miss Maxine Sterry were guests of Dr. and Mrs. Charles V. Doty at a Christmas dinner at the Rossmore hotel.

Mr. and Mrs. F. J. Rogers, 1010 North Ross street, spent Christmas day at Riverside, at the home of their son, E. G. Rogers, where many out-of-town guests were entertained.

E S S E X

More than 50,000 Essex owners rely on it, chiefly for the simple reason they have never encountered a situation of which it was not master.

But they consider also its famous records. Four different Essex cars each broke the former Trans-continental record between San Francisco and New York, a distance of 3347 miles. The fastest time was 4 days, 14 hours, 43 minutes. And Essex also set the world's 50-hour speedway record of 3037 miles. No car ever equalled that.

Do not such achievements entitle it to the utter confidence in which men hold it?

GOOD EVENING.
A good word is an easy obligation;
but not to speak ill requires
only our silence, which costs us
nothing.—Tillotson.

JOHN A. McFADDEN
In the vigor of manhood, John A. McFadden has been taken. His life, in which much had been accomplished and which promised much for the future, is ended.

The death of a man like John McFadden brings to a community as well as to those near and dear to him a poignancy of grief that cannot be measured. For the past twelve or fifteen years, he has been in the forefront of the active life of Orange county. His ideals of service were indeed high, and his daily life, his time and his earnings, were always at the call of the public good. His war work was distinctive and typical of the man, for he was a thorough-going American, loyal to the core.

While we all have admired John McFadden for his activities in a public and semi-public way, and have admired his energy and vigor in business and civic undertakings, it is as friend that he is going to be the best remembered now that he is dead.

He was a man through and through. His cheerful view of life, his ever-ready smile and ringing laugh, his strong right hand of good fellowship, his sound judgment, his ruling passion for a square deal—these are the things that brought John McFadden's life into close touch with the lives of many, many people. Men could trust John McFadden with their fortunes and their innermost secrets, for advice and safe-keeping. He was a man worth while, a friend indeed.

This county and this city, collectively, and many scores of people, individually, are far better today because John McFadden lived. Though comparatively a young man, he made his mark; he made himself a force in the community.

No person can say that John McFadden maliciously or willfully did him an injustice. Higher praises than that for one whose activities took him into so many varying paths of duty and service and business cannot be given.

Born and brought up here, grown into active manhood, giving to the city and county his devotion, John McFadden was truly a son of the community.

No words can assuage the grief that has come to those nearest and dearest to John McFadden. That we know full well, and it is not words that we offer now, but it is the deep sympathy that flows from the hearts of hosts of friends of John McFadden and his family to those who knew him best and therefore loved him most.

FOR ECONOMY

Ever since Senator Aldrich made his memorable statement that \$300,000,000 a year might be saved by the government out of a total expenditure of \$1,000,000,000, by reorganizing governmental departments and methods, the public has been expecting a general overhauling by Congress. The demand has grown stronger with the great increase of expenditure caused by the war. But always hope has been deferred.

Congress now promises action. A unanimous resolution has been adopted for the appointment of a joint committee of six to go over the governmental machinery and formulate plans for eliminating duplication of work, discontinuing overlapping bureaus and commissions and reducing administrative and legislative costs generally. Representative Reavis of Nebraska, who will head the committee, says he is convinced it will be possible to save the nation \$1,000,000,000 a year.

The inquiry may take as much as two years. A good start in practical efficiency will be made, however, if the new budget bill goes through as it is expected to do. The public then will endure the present tax burden a little more cheerfully, in the prospect of seeing some approximation to real business efficiency attained at Washington in the near future.

SOVIET MONEY

Lenine, convinced that money is a disease, has been applying a homeopathic remedy. He started out to cure the love of money by flooding Russia with money. And from recent accounts, he has succeeded remarkably well. The extent of his success is shown by the fact that most of the Soviet banknotes are literally not worth the paper they are written on. Realizing that his "publica-

tion of money" is wasting good paper, Lenine has issued an order that hereafter no banknotes shall be printed of a denomination less than 10,000 rubles.

That number of rubles would be worth normally more than \$5,000. When anything less than \$5,000 in Russian money will not equal the value of a bit of paper the size of a banknote, the Russian people must certainly be arriving at that contempt for money which Lenine sought to cultivate in them. They will be ready soon for the grand climax of Bolshevism, the abolition of all money.

What they will do then for a medium of exchange is a secret which Lenine has not revealed. Will they return to primitive barter? Or will they be so perfected in this Red realization of the millennium, that there will be no more need of industry, commerce and finance?

The "Society for the Suppression of Useless Giving" is resuming its annual activities. The fellow that started the idea that giving is useless gave the most useless gift the world has ever received.

Senator Harding will have to be careful not to take the best talkers for the "best minds."

Stop Profiteering
Long Beach Press

Profiteering and speculation in the national coal industry have been and are rampant, and the evils of the situation should be remedied by federal government intervention, if necessary, are the findings of the Senate Committee on Production and Reconstruction. The people are made to suffer, the committee reports, even in the face of interstate commerce commission and Department of Justice orders and regulations. Coal profiteering has continued unchecked, the committee finds. And while the people suffer because of the high prices of coal and the inadequacy of supply, at intervals, the profiteers and speculators mulct the public. Present methods of producing and distributing coal must be overhauled and remedied, the committee urges. Government administration of production and distribution "should be a last resort," the committee holds, but if no other means of betterment of conditions is found, direct intervention by the government will be recommended. Coal is a vital necessity. It should come from the mines and go to the consumer without inordinate profits exacted at any stage of the process of production and distribution. There should be no speculative manipulation, either as to forcing prices up at the mine or through hoarding and faulty distribution. The people should be relieved of any extortion connected with this industry. Laws of the sternest nature are in order, to compel just and equitable treatment of the consumer. If measures of this kind cannot be enforced successfully, then it would be proper and advisable for the national government to take over the mines and administer the industry with fairness to all interests. This, however, should be the very last resort.

Confidence In Banks
Sacramento Union

Charles S. Stern, superintendent of banks, describes the conditions of state banks as reflected in the latest called report as most reassuring. We agree that the figures given in the statement verify this feeling of confidence. These figures show that during the sixty day period our banks were able to meet the very exacting demand for credit and while meeting this pressure were able to fortify themselves for emergencies by reducing their bills payable from the sum of three million dollars. At the same time the deposits in the banks increased something more than forty-three and one-half million dollars, thus indicating a restoration of the deposits which had been interrupted early in the fall. This increase was evenly divided among the economic centers of California.

It must not be forgotten that the sixty-day period under review included the crop moving times involving a heavy demand for credits. But there was a smaller amount of money in use for speculative purposes. As to the wise provision of the federal reserve board and declining prices helped to reduce the load and released funds for the farmer. Mr. Stern states that the peak has been passed brilliantly by our state institutions, and California is on record as being one of the few if not the only one of the agricultural districts in the United States able to handle the movement of its crops with its own resources. There are two reasons for this fact. The first is that our economic conditions are fundamentally sound, and secondly that our banks have had the trying post war credit situation with good sense and judgment. We agree with Mr. Stern that it is a time for congratulation and confidence.

Street Car Traffic
Stockton Record

The Los Angeles city and interurban lines of the Pacific Electric predict 100,000,000 passengers this year, or practically a fare for every person in the United States. This is based upon the travel to November. This year the first 10 months showed the greatest patronage in the history of the service. The highest previous mark was in 1917 when a total of 83,000,000 passengers were carried. A report submitted by the officials of the company shows a steady and consistent increase up to 1913. Beginning with 1914 the popularity of the automobile brought about a decrease in both urban and interurban railways which continued until 1918 at which time the system was carrying 77,500,000 people. The street car fares are interpreted as showing an increase in population and that the peak of automobile transportation has been reached, owing to high costs of machines and gas. The officials predict that traction companies will have little hereafter to fear in obtaining their just proportion of increased travel.

The Life of a Prospect
New York Herald

Some years ago I went into a store to inquire the price of something, an expensive thing this was, that I wanted to buy some day when I had the price. They were just as nice to me as they would have been if I had come in ready to buy and plunk down the cash. Then for the time being I forgot all about it, but they didn't. About a year after my visit to the store the salesman I had seen there came in to see me. He was a very agreeable gentleman and in no way insistent; he had just looked in on the chance that now I was ready to buy; but my bank account hadn't looked up to any great extent and I was not ready, as I told him; but I added that when I was ready I would come in, and I would come to him. That, I thought, ended it as far as hearing from them was concerned; but not so. A year later I had another call from the salesman, my friend, if he will now permit me so to call him, on the same errand; a pleasant little talk, but with the same results as before; and now, a year to a day after that second call, he has been in to see me again. We had our usual pleasant little talk, and then I asked him: "Don't you ever give up a prospect?" To which he answered, smilingly: "We never give up a prospect till he dies."

Worth While Verses

OFF IN THE STILLY NIGHT
Off in the stilly night,
Ere slumber's chain has bound me,
Fond memory brings the light
Of other days around me;
The smiles, the tears,
Of boyhood's years,
The words of love then spoken;
The eyes that shone,
Now dimmed and gone,
The cheerful hearts now broken.

When I remember all
The friends so linked together,
I've seen around me fall,
Like leaves in wintry weather,
I feel like one
Who treads alone
Some banquet hall deserted,
Whose lights are fled,
Whose garlands dead,
And all but he departed.

Thus in the stilly night,
Ere slumber's chain has bound me,
Sad memory brings the light
Of other days around me.
—Thomas Moore.

Today's Talk
By George Matthew Adams

THE LOOKAFTERERS.
Somebody is always looking after you. You may not know it, but somebody is just the same. Benefits do not have a limited journey. They keep going and going. Of course Mothers are the greatest Lookafterers in the world. That seems to be what they were primarily born for. But each of us becomes, in his turn, a Lookafterer also—just the minute that the interest of somebody else looms paramount to us. When War came upon us with its cruel and merciless challenge, every boy who entered the fighting ranks became a Lookafterer for everyone who had to stay at home. And everyone who stayed at home also became a Lookafterer who backed the boy who had to go. I went through an interesting and instructive experience today. I visited the place where every American gun is tested and tried before it is put in its place ready to do duty in time of need. And I said to myself that I would go to my office in the big city and I would think of the chaps down there testing those guns and that ammunition day in and day out—and I would think of them as my Lookafterers. And I resolved that I, too, would try to be a Lookafterer—for them. For after all, that's where the beauty and happiness of life centers—in what we do to make the world just a little better and safer. Are you sure you are a Lookafterer? Or are you trying to see how you can beat out some other fellow—thinking that that is what success means? In the most optimistic moment of our lives, there is still much that is lacking. And how much each day we do long for a Lookafterer—some kind and gentle spirit (something like what we have heard angels are) to touch us tenderly in our hearts and quicken us to go on. But maybe if we keep looking after someone, someone will keep looking after us.

Jokes, Joshes and Jingles

Troubles are like rabbits — give them free range and they multiply rapidly.
A very young man thinks women are fickle and grieves over it; an older one knows it and laughs over it.
A FALSE ALARM.
A fireman in Irving was returning from luncheon. When within about one square of the first house he crossed the street and in crossing ran to get out of the way of a street car.
Two firemen on the street saw the first fireman running so they jumped off the car and started to run for the fire house.
When the three reached the fire house the man who had started his running to get out of the way of a street car said: "Was there an alarm?"
To this the other two exclaimed: "You should know. We saw you running and thought that you had heard one."—Indianapolis News.

Earth as Seen From Mars
San Francisco Chronicle

At the last annual meeting of the Kentucky Academy of Science, Professor Henry Meier of Centre College, set forth certain factors of the problem of signaling to Mars. In the first place, he said, the probably low temperature and rare atmosphere and the absence of water vapor (not, we would remark, universally admitted) are against the existence on the planet of beings endowed similarly to ourselves. Ability to signal by light is negated by the fact that the earth's atmosphere would absorb about 40 per cent of the light sent out, and by the great distance. The author estimates that an area of light ten miles square on earth, seen from Mars through a telescope magnifying 500 times, would appear like an area one inch square, viewed at a distance of 500 feet. The possibility of signaling by radio is negated by the distance it being computed that it would require a current of a million amperes at the sending station to obtain one of one ampere at a receiving station on Mars, when the planet is nearest the earth. Besides, the powerful current radiated by the sun would probably overwhelm the weak waves sent out from the earth.

Curing the Divorce Evil
Sacramento Bee

Seattle, Wash., is in the midst of a verbal upheaval over the divorce problem. Incidentally, the Seattle Times says the Seattle divorce rate per capita is much greater than Reno's. One minister says parents are to blame "if daughters marry scrubs." But who is to blame if sons wed "non-scrubs" — girls who refuse to cook, clean house, scrub the floor and sew, have and take care of children? Presumably, the parents also. Still, the preacher should remember that the more parents oppose a "scrub" the more likely the daughter is to marry him—or it. Another would have marriages that did not look like marriages at the marriage license bureau. Here, again, is difficulty. Who shall take it upon themselves to be the judges? "Judge not that ye be not judged," A jurist urges "pitiless publicity" of the facts surrounding divorce cases as a deterrent of hasty divorce. The judge is right. Secret files should be abolished in all states. The full facts should be given to the world. Then divorces over trivial causes would be lessened somewhat. For few people are desirous of having their domestic sins advertised. But the divorce evil can be cured only if people themselves—civilized society—desire to have it so. Here education of children in the home plays a large part. So after all, the parents themselves are largely responsible.

San Bernardino Project

Big irrigation and hydro-electric power projects, in combination, are in the order of the day all over the arid west and especially on the Pacific coast. Indeed it has become an industrial-economic engineering maxim that development of the immense natural resources of California must soon come to a stand-still unless the tremendous volume of storm-waters and the almost unlimited hydro-electric power potentialities of our mountains are conserved and utilized. In this connection an editorial that appeared in a recent number of the San Bernardino Index is of special interest and the project outlined may become of importance as an industrial factor. Without quotation marks, the Index editorial, heading and all, follows: **SAN BERNARDINO SHOULD DO LIKEWISE**

Recent news dispatches tell of the action of the cities of the San Joaquin Valley in entering upon an immense irrigation and power project to conserve the waters of adjoining watersheds and convert them to the benefit of their respective communities. San Bernardino has a project under its very nose that surpasses in advantages every one that any city of California has ever undertaken or considered. It is well known that the Arrowhead Reservoir company has been obliged to suspend its operations and aims in Little Bear Valley to bring the waters of that immense section to San Bernardino Valley, owing to the operation of the statute which forbids the transfer of the waters of one watershed to another.

An exception is made in the law, however, permitting municipalities to do this for municipal purposes. Los Angeles has done it by taking the waters of Mono lake, many miles to the north of that city and bringing them across several watersheds to be used for power, irrigation and municipal purposes by that city. There is no question, therefore, but that this city could embark in this undertaking with safety and success. The particular reason it is so advantageous to San Bernardino is the price that the project can be obtained for just at present and the small investment, comparatively, with which the city could undertake the matter. It has recently become known that the Mooney heirs, who own the Little Bear project, do not desire to proceed with its development and are willing to sacrifice the entire property at a fraction of the original cost. Millions, ten or more, have been spent in the undertaking, and it is all but completed. The dam is finished, tunnels connecting the neighboring valleys with the main lake, are completed, and the tunnels for the water to this side of the mountains is finished, ready for the water to be turned in. The additional development required would be the construction of the power plants in Devil's canyon to develop the electrical energy possible and the construction of the pipe lines and ditches to deliver the water to this city and surrounding country.

It would be possible to offer cheap power to prospective manufacturing institutions that would make an immense profit.

THE SOCIAL MIRROR

Mrs. L. D. Mercereau Entertains Class

A delightful evening was planned for the members of the Althean Class of the First Presbyterian church, by Mrs. L. D. Mercereau, at her home at 1506 West Fifth street, last evening.

The rooms were prettily decorated in all the holiday colors. A Christmas tree was placed in a large room, where it spread its graceful branches, bearing gifts for those present.

The program opened with a duet by Misses Amy and Ada Larson, "Silent Night," and the room was darkened, with only the glimmering lights from the tree burning.

Santa Claus, clothed in rich furs, and with jingling bells then appeared on the scene. He distributed gifts from the tree. The part of Santa was played by Hugh Osborn. A vocal solo by Miss Lillian Forney, a violin solo by Esther Van Hynning, and a piano solo by Miss Florence Osborn followed.

A guessing game, naming different parts of the tree, was a feature of the evening, with Miss Adeta Merzgold winning first prize. The crowd then joined in singing to the strumming of ukuleles and mandolins.

The hostess presented each member of the Althean Class with gay buttonnieres, which she had made. A box of home-made candy was provided for each guest.

Those who attended included Mr. and Mrs. L. D. Mercereau and daughters, Ellen and Margaret, Lillian Forney, Lillian Stevens, Helen Claybaugh, Marie Claybaugh, Esther Van Hynning, Grace Wass, Mable Brewer, Jessie Johnson, Myrtle Wright, Laura Harding, Amy Larson, Ada Larson, Lorna Prunty, Mabel Osborn, Myrtle Patterson, Cecile McKinney, Bessie Miller, Aletta Merzgold, Inez Cooley, Ruth Martin, Gladys Thomas, Alpha Knox, Vivian McFarren, Esther Osborn, Lucile Packard, Florence Osborn, Bonnie Wilkinson, Verena Lynch, Hugh Osborn.

Entertain Dinner Guests
Mayor and Mrs. John G. Mitchell entertained on Christmas day, at their home, 310 South Sycamore street, Mr. and Mrs. George Lester, and their son, Allen Lester, the latter being in the naval air service and stationed at North Island.

Entertain San Francisco Guests
Mr. and Mrs. L. A. Schlesinger, 417 South Birch street, entertained a week-end party of friends and relatives from San Francisco Christmas day.

The guests arrived the previous afternoon, finding a beautiful Christmas tree decorated for the pleasure of young and old, around which the delighted children gathered and speculated upon the contents of numerous packages heaped at the base of the tree.

After partaking of a bountiful dinner of turkey and roast goose, delicious soups, salads and other delicacies, the party gathered around the tree in the parlor and Mr. Schlesinger, acting as agent for Santa Claus, distributed the gifts.

Among those present were Mr. and Mrs. Dick Forney, Mrs. Mary Hawthorne and the Misses Mae and Wallace Schlesinger of San Francisco; Miss Sonoma Roland of Los Angeles; Mr. and Mrs. L. A. Schlesinger, Mrs. Julia A. Garrison, Miss Lois and Estelle Schlesinger of Santa Ana.

Dinner Guests.
Mr. and Mrs. John W. Norton, 301 West First street, entertained a number of dinner guests Saturday. An enjoyable Christmas menu was served, and a pleasant day was spent.

Those present were:
Dr. L. M. Hammond and her niece, Miss Lulu Mann, Los Angeles; Mr. and Mrs. George A. Andrew, Santa Ana, and Mr. and Mrs. Norton and son, Kenneth.

Entertain at Dinner.
Mr. and Mrs. W. H. Sutton entertained as Christmas dinner guests, at the Rossmore hotel, Mr. and Mrs. C. S. Sutton and two children, and Mrs. O. C. Sutton.

AT THE BOTTOM.

Love's at the bottom of everything good,
Love is the center of everything true;
Love is the spirit of learning to do
With life as we find it—or gentle or rude—
Toiling and trusting and jogging along
With a smile and a whistle and bit of a song,
And putting our day's work through.

Love's at the bottom of everything high,
Love is the secret of how we can be
Dreamers of life with our spirits set free
Like the wings of a bird to the blue of the sky,
Love's at the bottom of all we shall bring
To make life a nobler and sweeter old thing
For the rest of the world ere we die.

—Folger McKinsey.

Delightful Christmas Gathering

The home of Mr. and Mrs. M. E. McKee, 311 Hickey street, was the scene of a delightful Christmas gathering Saturday.

Pretty holly and poinsettia blooms were used for table decorations. A three-course menu was served.

Those present were:
Mr. and Mrs. Pendergrass, Mr. and Mrs. John Pendergrass and daughter, Zeila, of Los Angeles; Mr. and Mrs. John Ollinger, Mr. and Mrs. E. E. Beamer and daughters, May and Thelma; Mr. and Mrs. George Carey and small daughter, Mary Elizabeth.

Veterans Plan Installation

The Sarah A. Rounds Tent No. 19 of the Daughters of Veterans met in regular session yesterday with Mrs. Louie Leach presiding. Several candidates were initiated, and a number of applications for memberships received. Eighteen dollars was reported to have been spent in relief work, and many flowers were delivered to the sick.

The regular meeting day has been changed to the first and third Tuesdays in each month and the next meeting will be held January 4.

Joint installation exercises of the Sons and daughters of Veterans will be held Wednesday, January 13.

Members who have applications from those desiring membership are requested by Mrs. W. H. Thomas to report before January 1.

Enjoy Christmas Dinner

A sumptuous turkey dinner with all the "fixings" was the feature of a gathering of relatives and friends of Mr. and Mrs. J. W. Rose at their home, Christmas day.

The long table was beautifully decorated with mountain holly, smilax, and poinsettia, place cards for thirty-two being used. The greater number of those present were relatives of Mr. and Mrs. Rose, who formerly lived at Fairmont, Minn.

The guest list included Mr. and Mrs. F. A. Stone, Mr. and Mrs. Keith Stowe, Mr. and Mrs. Kenneth Stowe, Mr. and Mrs. Fred Roehke, Mr. and Mrs. Ralph Mitchell, Mr. and Mrs. Henry Robinson, Mrs. Ella Stowe, Mrs. Lydia Shigley, Mr. John Bower, Misses Lillian Matson, Margaret Bowen, Lettie Stowe, Dorothy Roehke, Frank Blencoe, Norrel Rose, Harold Stowe, Mr. and Mrs. Jesse Rose, of Hollywood, Mrs. June Coss, Constance and Robert Coss, of Long Beach, Mrs. T. P. Horton and Willard and Bernard Horton, of Ottumwa, Iowa.

Family Reunion
Mr. and Mrs. Chester Hoagland entertained with a jolly family dinner Christmas day at their home, 714 Lacy street. Poinsettias and holly trimmed the table, which had been enlarged, and which was laden with the Christmas bird and all the "trimmings."

Covers were laid for Mrs. Marietta Phillo of Hastings, Neb.; Mr. and Mrs. Wilson, 1801 Spurgeon; Mr. and Mrs. Abbott and son, Donald, of Orange; Mr. and Mrs. M. W. McDonald and children, and the father of the hostess, Mr. Frank McDonald.

Sycamore-Torosa Christmas Event

The Sycamore and Torosa lodges united in giving a Christmas affair Saturday evening at Odd Fellows hall, for the benefit of the children whose parents are members of the Odd Fellows lodge.

About 200 were present, and the young folks enjoyed dancing in the lodge rooms, while a glorious Christmas tree decked with ornaments and gifts for the youngsters, was enjoyed by them on the lower floor of the building.

The committee on arrangements was given much praise for the success of the event.

Christmas Gathering.

At the home of Mr. and Mrs. H. P. Lykke, 509 West Sixth street, a merry group of young people gathered on Christmas day for a chicken dinner. Those present were:

Mr. and Mrs. Fred Merker, Mr. Walter Merker, Mrs. Henrietta Merker, Mr. and Mrs. Armond Faccou, Mr. and Mrs. M. Faccou, Sr., from Copenhagen, Denmark; Miss Valburg Faccou, Miss Alice Fedell, Chicago; Misses Lillian, Nora and Henrietta Lykke, Josephine Grochow, Carl and Andrew Lykke, Armond and Harland Faccou.

Beautiful roses decorated the table, which fairly groaned with all the good things to eat. A Christmas tree, gaily decorated, held gifts for each guest.

Royal Neighbors Meet.

A regular meeting of the Royal Neighbors was held last night at Woodman hall with a good attendance present.

One membership transfer was recorded and after the general business was disposed of the entertainment committee, in charge of Mrs. Etta Sweet and Glenn Breeding, served ice cream.

Huntington Family Dinner

The Huntington family celebrated Christmas with a dinner and tree, at the home of Mr. and Mrs. E. G. Huntington, 907 South Main street. Holly and poinsettia decorations were used throughout the home.

All members of the family were present with the exception of the eldest son, Leo Huntington, who lives in Antelope Valley. He could not come, but sent a dressed roast pig from his ranch, which served as the piece de resistance of the sumptuous feast.

In the afternoon Santa Claus distributed presents from the heavily laden tree, to the seven grandchildren present.

During the week, Mr. and Mrs. Huntington have entertained several out-of-town guests, including Mr. and Mrs. Benjamin Chubbie and Miss Edith Chubbie of Escondido; Mr. and Mrs. Fred Chubbie and two daughters of Long Beach and Mr. Isaac Moon, of China.

Serve Turkey Dinner

A huge turkey helped make the family dinner given by Mr. and Mrs. William Barnard, at their home, 601 East Sixth street, a huge success.

The guests were Mr. and Mrs. James Breckenridge and daughters, Florence, Edith May and Ruth; Mr. and Mrs. William Breckenridge, and Mr. and Mrs. William Patterson, of Long Beach, and sons, Russell and John Allen.

Entertain at Dinner

Mr. and Mrs. Theodore A. Winbiger were hosts at an enjoyable Christmas dinner at their home on East Ninth street. Their guests were Mr. and Mrs. Hiram Cate, of Los Angeles, and Miss Lillian Vaughn.

Family Dinner

Dr. H. E. W. Barnes was host at a family dinner Christmas day at his home, 121 Orange avenue. The day being the second birthday of his grandchild, Betty Bradley, there was considerable rejoicing. Those present included Dr. and Mrs. Samuel Barnes, Dr. and Mrs. H. B. Bishop and daughter, H. E. W. Barnes, Jr. and son of Anaheim; Mrs. S. H. Bradley and daughter, Betty Bradley, of Santa Ana.

Enentertains at Dinner.

Mrs. J. R. Medlock, 820 North Main street, was dinner hostess to a family group of twelve on Christmas day.

Reunion at Kilson Home.

Mr. and Mrs. George E. Kilson, 425 McFadden street, held a reunion at their home on Christmas day, when their two sons and their wives, Mr. and Mrs. Louis Kilson, Mr. and Mrs. Elmer Kilson, all of Los Angeles, were present.

Dinner Guests.

Included in the number of Christmas dinner guests at the Rossmore hotel were: Mr. and Mrs. F. W. Wiesseman and family, Mr. and Mrs. George Nau, Dr. and Mrs. C. H. Brooks, Mr. and Mrs. L. N. Mateer and Mr. and Mrs. H. E. Yost and family.

At the Thompson Home.

On Christmas day a family reunion was held at the home of Mr. and Mrs. R. J. Thompson, 402 Orange avenue.

The day was happily spent by all members of the family, who united in having a truly joyous time, this being the first time in twenty-two years that Mr. Thompson had all his children with him.

Those present were Prof. and Mrs. Guy A. Thompson, of Occidental College; Mr. and Mrs. George P. Thompson, of Anaheim; Mr. and Mrs. S. F. Van Patten, Los Angeles, and Mr. and Mrs. Walter Vandermast, Santa Ana.

The grandchildren present were Evelyn Thompson, Robert and Richard Thompson, Donald, Dorothy and Max Van Patten, and Newell Vandermast.

Reunion of Parker Family.

A pleasant reunion of the family of Mr. and Mrs. C. F. Parker, of Orange, was held Sunday at the home of Mr. and Mrs. O. A. Murray, at the Irvine Ranch. A turkey dinner, with all the "trimmings," was enjoyed.

Later in the evening all went to the home of D. W. Gruwell, at Orange, where a Christmas tree had been provided. Among those in the party were Mr. and Mrs. Parker, Mr. Hudleston, and Mrs. Ella Murray, El Modena; Mrs. C. C. Rodolph, New York; Miss Jessie Johnson, Los Angeles, and Miss Mildred Thompson, Pasadena.

PERSONALS

The Misses Bertha and Katherine Kuehne spent Christmas day and Sunday in Los Angeles with their parents.

Mr. and Mrs. Charles Spicer, 1407 North Bush street, have motored to San Francisco. They left here on Christmas day to spend the holidays with friends.

Mrs. S. E. Kimball and two daughters, Pearl and Ruby, 519 East Second street, spent Christmas in Los Angeles with relatives.

Mr. and Mrs. H. P. Rankin, 2048 North Main street, have as their holiday guests Mrs. Rankin's sister and husband, Mr. and Mrs. M. Rogers, of San Francisco, and her mother and father, Mr. and Mrs. George R. Whitcomb of Compton.

The Misses Inez and Alberta Cooley and Mr. Glenn Cooley of the Fowler apartments spent Christmas at Antelope with their brother and family.

Miss Mary Coffman has returned to San Diego, where she is attending the San Diego normal school, after spending the Christmas holidays with her parents of 508 East First street.

Mr. and Mrs. C. W. Chamberlain, 310 Camille street, spent Christmas day in San Diego at the home of Mr. and Mrs. R. C. English. Mrs. Chamberlain will not return to Santa Ana until the end of the week.

Mr. and Mrs. Fred Hawkins and family are spending Christmas week with Mrs. Hawkins' parents, Mr. and Mrs. A. L. Galbraith, 1654 West Fourth street.

Mr. and Mrs. W. H. Skelton, Jr., 521 East Sixth street, had as their Christmas guest Mrs. W. H. Skelton, Sr., of Long Beach.

Mr. James Wylie spent Christmas with Dr. Hawkins of Los Angeles. Mr. Craig Mac Donald and son, Wyman, arrived yesterday from Salt Lake city for a ten-day visit with Mr. Craig's father, Mrs. Frank Mac Donald, 714 Lacy street.

Progressive Women

Interested in New Ways of Doing Things Will Find Something Unusual Here In

**A Hardware and House Furnishing Store
Catering Largely to Women**

The first big and important step that this store made upon taking possession of its enlarged quarters was to DEPARTMENTALIZE the entire store—following closely the department store methods. We then discovered that we had been unconsciously courting the favor of the GREATEST BUYER and the GREATEST BUYING INFLUENCE in the world—Woman!

A New Feature

Another progressive step was the installation of THIRTY SPOTLESS WHITE DOUBLE DECK TABLES, occupying half our large store, on which are displays of every modern time-saving and labor-saving device for housework, kitchen wares, etc. These tables will open your eyes to the development of this store's merchandising service.

Every woman wants cleanliness, order and convenience—things she seldom sees in the old-time hardware store—and those are the things that make our store one of the brightest shopping places on Fourth street—a store where a woman can come in and "shop around," as she would in a large department store, with everything under her hands for close examination.

BOY SCOUTS ARE ON HIKE TODAY IN CANYON

Boy Scouts of Orange county, under the leadership of E. E. Heidt, county scout executive, were today in the midst of their first county hike.

Scouts from all over the county were transported by automobile to the foot of the El Modena grade, from which point the boys walked to the County park.

Building of fires, contests in boiling water, athletic events, a baseball game and a hunt for a "lost scout" featured the morning's program. Following a big dinner, the boys entered upon an afternoon to be devoted to tramping and a hike in the Santiago canyon.

Supper, a campfire with bird talks, and songs and yells will close the day's events.

The hike was originally announced for Wednesday of this week. Later it was changed to today. Through a misunderstanding, the announcement of the change of date was not made in the Register.

ASK PERMISSION TO OPERATE TRUCK LINE

Motor freight service through four counties is proposed by the California Rapid Transit Company, Inc., in an application filed with the Railroad Commission today asking for operating permits for Los Angeles, Orange, San Bernardino and Riverside counties.

The company asserts that there is need for the service because tonnage in the district has increased by 45 per cent while the rolling stock of the railroads has increased but 2 per cent. It is also claimed that the four counties produce 52,062 carloads of farm products, or approximately 70 per cent of total tonnage produced by thirteen counties within a radius of 170 miles of Los Angeles.

The application is signed by Otakar L. Gregor, president of the corporation, whose address is given as 1180 Fox street, New York city.

BIG ZINC REFINERY PLANNED FOR IDAHO

SPOKANE, Wash., Dec. 28.—A million dollar electrolytic zinc refinery is being built at Kellogg, Idaho, by the Bunker Hill and Sullivan Mining and Concentrating company. This is according to an announcement by Frank M. Smith, director of the company's smelter at Kellogg. Smith also announced the company's entry into the manufacture of lead plumbing material, through the purchase of an interest in the Northwest Lead company of Seattle.

The announcement was made upon Smith's return here, following conferences with Frederick W. Bradley, President, and other officials of the company in California.

The initial capacity of the proposed refinery will be twenty-five tons a day, Smith said, and the capacity will be doubled as soon as market conditions warrant. It probably will be two years before the plant is in operation, he stated.

ALL NAVAL ENLISTED MEN WILL GO AFLOAT

Advices from the bureau of navigation indicate that enlisted men of the navy will be withdrawn from certain duties on shore and on vessels out of commission.

As soon as practicable, but not later than June 30, 1921, enlisted men employed on the following duties will be withdrawn: Telephone exchanges at naval stations.

Clerical details on shore, except in specific instances.

At all power plants on shore.

Upkeep and policing of grounds and buildings.

Caretakers on vessels out of commission.

Enlisted personnel in printing shops on shore.

Enlisted personnel employed in laundries on shore.

Enlisted men at ordnance plants to torpedo depots on shore, except those necessary for floating equipment.

Enlisted personnel at supply depots.

Garage attendants and chauffeurs.

This means that civilian help will take the places of the sailors withdrawn and the plan will release thousands of men for duty afloat.

LAW BOOKS STOLEN FROM RENO LIBRARY

RENO, Nev., Dec. 28.—Several valuable legal books have been stolen recently from the County Library, according to an announcement made by District Judge Moran.

Judge Moran stated that unless the books are returned and further pilfering ended, some other and more rigid method of permitting withdrawal of books by attorneys will be put in force.

Double Stamps tomorrow until 2:30 P. M. at Leipsic's.

COMPLETE PLANS FOR GIVING NEWSBOYS BIG BANQUET AT CHURCH

The enlargement of the kitchen capacity at the First Christian church made necessary by the large number of newsboys and paper carriers that will attend the entertainment and banquet tomorrow evening, was completed today and full arrangements have been made to give the boys an evening that will stand out prominently in their memories.

The banquet will be served in the church basement at 7 o'clock, but it will be preceded by a general reception, in which the boys will be made welcome, at 6:30. This banquet will be elaborate in character.

The entertainment following the "big feed" will consist of a picture show, slight of hand performance and other stunts, readings and musical numbers. Every boy in Santa Ana who sells papers on the streets and every boy who carries the Register or any other paper in Santa Ana is invited to be a guest of honor.

CROWN STAGE CO. DENIES CHARGES

Denying the charges set forth in an application by the Motor Transit company, which operates a stage line between Los Angeles and San Diego by way of Santa Ana, to the Railroad Commission asking the cancellation of the joint tariff under which it has been selling tickets in connection with the Crown Stage company, Attorney Clyde Bishop of the Crown company today stated that the Crown Stage company would be glad to release the Motor Transit company set forth that the company has been in complete control of the service and operation of the Crown stage line outside of that made by the Motor Transit company in their application for cancellation, according to Bishop.

The complaint of the Motor Transit company set forth that the manager of handling the public between Long Beach and Santa Ana, connecting with the Los Angeles and San Diego line, is unsatisfactory to the Motor Transit company and asks for permission to operate in connection with United Stages, Inc.

A recent application for permission to operate a line between Long Beach and Los Angeles and between Santa Ana and Long Beach by the Motor Transit company was refused by the Railroad commission on the grounds that adequate service was being supplied at the present time by the Pacific Electric and by the Crown stages.

SAN BERNARDINO MAN LEASES TO OIL FIRM

SAN BERNARDINO, Dec. 28.—R. J. Cary of 157 Fifth street has a 20-acre tract of land at Huntington Beach near the spot where the big Standard Oil gusher was recently brought in. In common with other acreage in that vicinity his land has been in great demand since the strike was made at the beach city and he has now leased it to one of the companies operating in that field for a big cash bonus and a royalty of one-sixth of all oil or gas secured from wells drilled on the property. It is understood that drilling on the lease will be commenced in the very near future.

U. C. REGENTS TELL OF GIFTS RECEIVED

UNIVERSITY OF CALIFORNIA, Dec. 28.—Gifts totalling \$3,964.25 recently were given to the University of California, it was announced at the December meeting of the board of regents. In addition to cash gifts, the donation of important books was also announced. The list of gifts follows:

Alumnus of the class of '98, who wishes his name withheld, the sum of \$2400.

Associated Students of the University Farm, Davis, \$250, for the purpose of increasing the instruction in physical education, particularly the work in football. Class in English 114, the sum of \$24.25 for the purchase of books; Mrs. Margaret B. Fowler, the sum of \$1,000; Completing the sum of \$450 raised by members of the Le Conte Memorial Fellowship committee in memory of the late Professor H. Morse Stephens.

For the purpose of augmenting the Le Conte Memorial Fellowship, now held by Mr. A. P. Watts, to the sum of \$1200 for the academic year 1920-21, the following contributions have been made: P. E. Bowles, \$125; George L. Bell, \$20; Dean G. Witter, \$20. Mr. William D. Sohler of Boston, an important botanical work in three volumes. Swedish-American Patriotic League of California, Inc., the sum of \$125 in support of a scholarship for the year 1920-21.

LADY ASTOR LONELY AMONG 600 COMMONS

LONDON, Dec. 28.—"The night is dark and I am far from home." That's how Lady Astor feels in the House of Commons—the only woman among 600 members. At least, that's how she said she felt in a speech at the Westminster Central Hall.

She announced that she had only four minutes to speak, but she managed to read a selection from the New Testament, to touch on Ireland, Armenia, education, temperance, and the efficacy of prayer.

USES BICYCLE TO STOP RUNAWAY TEAM

CHICO, (Butte Co.), Dec. 28.—James Wiggin, a Chico high school student, performed an act of heroism when he raced his bicycle alongside a runaway team which was on a mad dash through the streets of the business district. Seizing the dangling reins, he brought the team to a stop.

The team, belonging to F. M. Hamilton, has been hitched near the intersection of Third and Broadway, but broke loose and ran away through the streets crowded by shoppers, several of whom were forced to dash from the path of the team to evade being run down.

TO PLAN FIGHT FOR TARIFF ON CAL. LEMONS

Steps to be taken in making a fight for a tariff on lemons are to be considered at a meeting of the Citrus Protective league in Los Angeles tomorrow afternoon.

Among those who have been notified of the meeting and who are expected to be in attendance are E. B. Collier, manager of the Central Lemon Growers' association of Villa Park, and D. Eymann Huff, manager of the Hewes ranch at El Modena.

The league is composed of citrus shippers, both association and independent. The leaders of the league are hoping to settle upon some definite policy at tomorrow's meeting. Some of the lemon growers have been declaring that a tariff of two cents a pound would give the industry an opportunity to get upon its feet, while others believe that four cents is none too much.

It is proposed by the league leaders that some adequate tariff be asked for and efforts be centered upon getting it. The request for the tariff will be backed up with figures to show that it is necessary to meet the difference between the cost and production and transportation of European lemons and the cost of production and transportation of California lemons.

CHICAGO'S NARCOTIC SQUAD MAKES HAUL

CHICAGO, Dec. 28.—Three men believed by police to be members of an international "dope ring," were arrested by members of Chicago's recently organized narcotic squad. Five pounds of drugs were found in their possession.

The men gave their names as William P. Adams, James Ryan and Samuel G. Westhals. Their arrest followed the arrest earlier of eight men, said by the police to be drug addicts. The three were arraigned before U. S. Commissioner Lewis P. Mason and held in bonds of \$2500 each.

Police believe the "ring" has been getting narcotics in Canada for distribution in the United States.

MURDERER OF TWO SOUGHT BY POSSES

WILSON, Ark., Dec. 28.—Armed with shotgun and pistol, Charley Giles, negro, is being sought somewhere near the Mississippi River after killing O. T. Craig, planter, and his daughter, Mrs. Maybell Wilson, and seriously wounding Craig's two sons, Dick and Hugh Craig.

Giles also slightly wounded three deputy sheriffs who were among those who were with him. The negro was a share cropper on the Craig farm. Bloodhounds were unable to follow the negro's trail because of heavy rains.

GIRL TELLS STORY OF GANG'S ATTACK

SAN FRANCISCO, Dec. 28.—Having told her story for the third time, Jessie Montgomery was to take the witness stand at the opening of today's session of the trial of James Carey for cross-examination. Carey is the third gangster to face the court on a charge of assaulting Miss Montgomery at a shack on Howard street Thanksgiving morning. Two others await trial.

Miss Montgomery gave her evidence on direct examination late yesterday. She said it was Carey who took her and Jean Stanley in an automobile to the Strollers cafe on Ninth street and then to the Howard street shack, where the alleged assaults took place.

Miss Montgomery's mother and father, Mr. and Mrs. Leo Montgomery, of Reno, Nev., Salvation Army workers, were spectators in court and heard their daughter testify.

PERSHING TO LEAD INAUGURAL PARADE

WASHINGTON, Dec. 28.—General Pershing, in a telegram from Roslyn, N. Y., accepted an invitation to serve as grand marshal of the parade for the inauguration of President-elect Harding, it was announced by the committee in charge of arrangements. The invitation was extended him in conformity with the custom of having the ranking officer of the army head the inauguration parade.

BAGGAGE SMASHER'S ROUGH WORKS LEADS TO BIG BOOZE FIND

SAN FRANCISCO, Cal., Dec. 28.—Somewhere in the Japanese colony here is F. Hayashi, Japanese importer. The federal officials have made urgent search for him but have been unable to locate him anywhere.

This week a shipment of 47 baskets of taro root, listed as a Japanese eatable vegetable consigned to Hayashi arrived from the Orient. They were duly released by port officials then somehow one was dumped in transit. Bottles appeared nestled amongst the lowly vegetables in one of the baskets whose contents were spilled. This led to a general search of the 47 baskets; 229 bottles of Scotch whisky were uncovered. Now federal officials are looking for Hayashi to go into consultation with "Uncle Sam."

LAGUNA OIL ASS'N READY TO 'SPUD IN'

"Spudding in" of the first well of the Laguna Beach Oil association, which expects to pioneer in the development of a vast oil field in the Laguna district, will be made the occasion for a celebration next Thursday at 11 a. m., when the drill will be started on its way into the bowels of the earth.

A short program of speaking is scheduled to precede lunch, the association furnishing free coffee to the guests.

The Laguna Beach Oil association has been formed by a group of Long Beach business men who are said to have sufficient financial backing to make a thorough test of the district. The well is situated about half way between Laguna and Arch Beach, a half mile from the ocean bluffs. The association has a lease on 560 acres assigned to it by the Tuxbury Oil and Refining company. New York, which has a lease on 2800 acres of land belonging to Mrs. Catherine Brooks, Joe Skidmore and Joe Thurston.

BUS LINE GETS PERMIT TO ENTER LONG BEACH

Declaring that there is need for additional service between Long Beach and San Diego the state railroad commission has granted authority to the Motor Transit company to operate an auto stage service between Los Angeles, Long Beach, Santa Ana and points south to San Diego. It is specified that the company, however, is not to do a local business between Los Angeles and Long Beach or between Long Beach and Santa Ana.

MEXICAN COAL TIES UP TEXAS RAIL YARD

EAGLE PASS, Tex., Dec. 28.—The Southern Pacific Railway yards here are congested with coal destined to Mexico as a result of the recent strike of coal miners in the State of Coahuila. Although the strike was settled three weeks ago, mining cannot be resumed at a normal production for another month because of the flooded condition of the mines, according to reports here.

Aside from heavy coal shipments business in other lines of trade with Mexico is unusually heavy through this port indicating, Mexican officials declared, that the Southern republic is rapidly returning to the pre-revolution normalcy.

IT'S FUNNY—

How this great old country of ours rolls right along in its eventful course to destiny, bumping and careening, shaking and jolting, without jarring loose from their moorings more people than it does.

It seems that on one hand conditions are bad, regretful and hateful, and on the other, things just sail along normally, peacefully, tranquilly and neighbors worry not about each other, believing the end will be perfectly alright.

Now that's fine. Many people aren't so much at sea concerning their national ideas as they are when it comes to those which are local.

That's why we are writing this way. It is very fitting in view of what the coming New Year means, that at this time, a renewed pledge to maintain our ever high standards should be made.

For years we have stood unscathed by changing conditions, unwavering in our aim to satisfy all our customers, unshaken in our idea that success is the result of serving.

Our past and present business confirms our views, and just at this time, we wish once more to express ourselves to be ever unchanging, so far as policies and the public are concerned.

YOU MAY ALWAYS DEPEND UPON US.

PROSPERITY **PROGRESS**

SAYS BELGIANS DEMAND BEST OF CLOTHES AND DRINKS

Captain Ey Tells Interesting Story of Conditions in Europe

WOMEN'S GARB FINEST Declares Money Is Plentiful and Natives Live Life of Extravagance

Particular about their champagne, wine and liquors and demanding the best of everything to eat and wear, Belgians in their native country are living a life of extravagance, according to Captain Frank F. Ey, son of Mr. and Mrs. Frank Ey, who, with his wife, has been visiting here since returning from overseas. They left yesterday for Los Angeles for a short stay.

Captain Ey was in the transport service and was overseas about a year. Prior to going into the army he was practicing law in San Francisco. He has not yet determined whether he will resume the practice of law in the northern city. He favors locating in Southern California.

They were in Ireland two weeks, passed a night at Bruges and viewed the ruins, were in Germany for a brief time and in Belgium for several weeks.

Discusses Belgian Conditions
"The champagne must have the correct flavor, the wines and liquors must have the proper 'kick' and the coffee and food must be up to standard to satisfy the Belgians of today," declared Captain Ey, in discussing the situation in Belgium.

"The Belgians have recovered quickly from the effects of the war. There apparently is no want. There certainly is no starvation and suffering, so far as I could see on my travels through the country."

"The women were wearing the finest clothes that could be purchased and the men are not behind them in demands for the very best in wearing materials. Money seems to be plentiful and on every hand there is evidence of prosperity."

No Scarcity of Milk
"In some of the European countries there is a great scarcity of milk. This condition does not obtain in Belgium. There is plenty of milk and it is a novel sight to see children and adults delivering it with

(Continued on page eight.)

ABOLISH NOON MEAL NEWEST REFORM CRY

PARIS, Dec. 28.—Something near a revolution is threatened in France as the result of an effort by Joseph Vassiviere to increase production and decrease consumption in France by abolishing the noon meal.

To make up for the hot repast of four or five courses dearly beloved of French workmen, Vassiviere seriously proposes that a law should be passed compelling everyone to eat breakfast "a la Americain."

"Millions of francs are wasted daily by the prodigal two hours stolen from the middle of the day for the purpose of gorging," says Vassiviere. "Moreover, when a large meal is eaten at noon, a sort of auto-intoxication is produced which prevents work in the afternoon."

"Americans are famous for their energy and progressiveness, and most of it is due to the fact that they eat a large breakfast and then work right on through until the evening, with only about half an hour's rest at noon, during which a glass of milk and a scone constitutes their lunch."

"Not only would production be intensified if the American day were adopted, but workers could save thousands yearly by not having to travel home at noon."

EDISON PEOPLE TO DISCUSS 1921 PLAN

Today six representatives of the Edison company in the employ of the company in the Santa Ana district went to Los Angeles for the annual meeting of district representatives of the company. Twenty-five districts are represented at today's meeting.

Plans for the operation of the Edison company during 1921 are to be presented. Fourteen subjects are on the program for presentation by company experts and officials.

Those attending the meeting from Orange county are:
From the Santa Ana office, W. L. Deimling, district manager; Harry A. Leiby, assistant district manager; O. H. Umberham, chief clerk; Thomas Howard, salesman.
From the Huntington Beach office, Miss Ethelyn Young, local agent.
From the Anaheim office—H. W. Shepherd, local agent.

APPLICATION TO FIX RATES IS DISMISSED

BREA, Dec. 28.—On request of the city of Brea the Railroad Commission today ordered a dismissal of the municipality's application to fix rates and establish rules and regulations for the operation of the water system of the Brea Township company. The city now owns the water plant, having purchased it subsequent to the filing of the application.

TO CURE A COLD IN ONE DAY
Take Grove's LAXATIVE BROMO QUININE tablets. The genuine bears the signature of E. W. Grove. 30c.

PLAN TO REMOVE POLES, WIRES FROM MAIN

Matter Is to Be Taken Up at Once With State Railroad Board

Unightly poles and wires on North Main street will be eliminated with the repaving of that street if plans set in motion last night by the city council are successful.

At the conclusion of a long "talk-fest" and as the council was about to adjourn, Councilman W. A. Greenleaf opened up another subject, which probably would have engaged the city solons in a lengthy discussion had not the hour been late, when he asked if an effort was to be made to place telephone and electric wires under ground on Main street.

The subject was quickly disposed of, however, when City Attorney G. H. Scott and special City Attorney Clyde Bishop were instructed to take the matter up with the railroad commission at once.

It was believed that the matter can be settled before the date for starting repaving operations on the street. The members of the board are unanimous in the opinion that the wires should go under ground.

The differences between property owners on Durant street as to paving that thoroughfare between Washington and Seventeenth street have been adjusted. Some want to pave at once and others want to defer the work for a year. The latter believe that paving costs will be lowered during the year.

All But Two Sign

J. R. Mayer, one of the interested parties, appeared before the board and said that all but two of the property owners on Durant between Washington and Seventeenth had signed a contract to have the work done on or before January 1, 1922. The signatures still missing will be secured later without trouble, Mayer said.

With this understanding, further proceedings for paving the street at this time will be dropped.

That some owners of property on Flower street from First south to Fairview want to pave that street was disclosed by S. S. Finley, who said a man by the name of Crosby had been authorized to circulate a petition on the street. Crosby, it was said, was to be paid by the property owners for his time in circulating the petition if he was successful in getting sufficient signatures.

Finley, after stating that Crosby had met with fair success and that Crosby desired to turn the work over provided Finley reimbursed him for the work put in, was given permission to circulate the petition.

BOXING FOR S. A. GIRLS? QUERY STIRS FOLK

Cranston, Mitchell See No Harm in Women Taking up Mitt Sport

That the manly art of boxing may soon become the womanly art as well, and that the Marquis of Queensbury may soon become as well known for his rules of sportsmanship among girls as he is among boys, is today, in view of a definite attempt to establish boxing as a girl's sport in the East, considered a definite possibility.

The matter was recently brought up and advocated by members of the board of education in Chicago, where boxing for women has been officially sanctioned in the schools both for exercise, as well as for sport.

Many educational authorities are advocating boxing by women, not alone for the physical and muscular development which boxing is noted for developing, but also with a view to educating women in the noble art of self-defense.

That boxing for girls in the Santa Ana schools is not only prohibited, but probably looked upon with favor, was indicated today by City Superintendent of Schools J. A. Cranston.

Let 'Em Box!

"If the girls wish to box, they may do so," said Cranston. "There is no rule against it in the schools. As a matter of fact the girls would probably find it a very interesting form of athletics. I can see no reason why there should be any objection to women taking up the sport if they care to."

Regarding the objections put forward by Mrs. Susan M. Dorsey, city superintendent of schools of Los Angeles, the tenor of which objection was that the word "boxing" suggests "associations which are altogether too significant," and that if the sport was to be indulged in at all by women, they should confine themselves to the punching bag, Cranston said:

"Of course, a woman would take that view of the matter, but it merely goes to show that she doesn't distinguish between boxing and prize-fighting. Boxing is a gentlemanly sport indulged in by all of our colleges, in the Y. M. C. A.'s, in athletic clubs, and in the army and navy."

Not Very Strenuous

"Boxing, in the manner in which it would probably be taken up by local girls, would not be strenuous enough to be otherwise than beneficial, and would not in any event contemplate any of our girls entering the prize ring. The sport would, if nothing else, prove very interesting to the girls, and probably even more so to the onlookers."

County Superintendent of Schools

SOVIET TAKES WAR SERIOUSLY; EVERYBODY TRAINING FOR ARMY

This new photograph from Bolshevik Russia was brought to America by Washington D. Vanderlip, Los Angeles mining engineer, who returned recently, and who claims to have secured for his syndicate concessions on vast tracts in Siberia. It shows students of the University of Moscow at daily military drill. The students range from youths to gray-bearded old men. Men and women, old and young alike, must put in an hour a day at the university military drill.

NORTH END FOLK ASK ANOTHER MOTOR 'COP'

W. F. Coulter, president of the Fullerton board of trustees, today had on file with District Attorney-elect P. Nelson, and with the board of supervisors a letter asking for an additional county motorcycle officer, to be detailed permanently to duty around Fullerton, Brea, Placentia and Olinda.

Coulter, in his letter, which follows numerous complaints from the same district as to dangerous speeding and reckless driving in the oil districts, calls particular attention to the accident last week which resulted in near death to Clare Smith, 15, who was injured when his motorcycle struck a Ford head-on on the Brea-Olinda road.

The boy, according to reports, is still in danger, and even in case he recovers, will be a cripple for life.

Wants Immediate Action

Coulter states that in his opinion this accident is but a forerunner of others even more disastrous unless the county takes immediate and permanent action to stop the dangerous driving of the oil workers.

Coulter's letter follows:
"I wish to call your attention to the urgent need of having a county motorcycle officer continually doing service in patrolling the roads in the northern end of the county, in view of the accidents that are continually happening along some of the most traveled roads east and north of the limits of Fullerton."

"The deplorable accident which happened on the northern-most road between Brea and Olinda last Thursday evening, December 23, about 8 o'clock, in which Clare Smith, a youth of about 15, suffered fractures of one of his legs, one piece of his femur bone eight inches in length actually being torn away from the leg and found several feet away, shows that there is need of vigilance along such roads, relative to speeding."

Crippled for Life
"Young Smith was riding a motorcycle at the time of the accident, and collided with a Ford traveling undoubtedly at an unusual rate of speed. The boy is in a precarious condition, and while chances of recovery are slightly in his favor, he will be a cripple for life if he does recover."

"For some time past there has been a great deal of criticism regarding the lack of vigilance in this part of the county to put an end to excessive speeding on the roads leading to the oil fields in this vicinity."

The accident, it is safe to say, is but a forerunner of others more disastrous unless the county takes immediate action to put a regular motorcycle officer in charge of territory in the Brea, Olinda and Placentia districts.

"W. F. COULTER, President, Fullerton board of trustees."

MME. GALLI-CURCI WILL WED SAMUELS

CHICAGO, Dec. 28.—Mme. Amelita Galli-Curci, grand opera star of Chicago, announced her approaching marriage to Homer Samuels, her accompanist. Mme. Galli-Curci will complete her naturalization here Jan. 16, 1921. Her friends expect her marriage to Samuels to take place on the same day.

Mme. Galli-Curci, who was formerly the wife of Marquis Luigi C. Curci, obtained a divorce from him here a year ago.

RUSH LEGISLATION TO PROTECT CANAL

WASHINGTON, Dec. 28.—Adequate protection for the Panama Canal from attacks of enemies from the air, land or sea is to be provided for in a bill soon to be drafted by the House Committee on Appropriations for fortifications and seacoast defenses. Committee members are virtually agreed upon a plan to make the canal impregnable.

It has been suggested unofficially to those members of the House in charge of appropriations, that the canal must be given the best of modern defenses. These suggestions were said to have resulted directly from the recent inspection of the canal's fortifications by President-elect Harding and his party.

STATE S. S. LEADERS ATTEND CONFERENCE

H. H. Godber, president, and H. C. Gibson, secretary, of the California State Sunday School association, and Thomas Elzy, of Texas, were to take part in the twelfth monthly county Sunday school conference that was scheduled to start at 4 p. m. today. The visit of the executives was in line with Sunday school work of Southern California.

It was said the advance would be the greatest the work has taken in many years. The details of the movement were to be presented and discussed by the visiting officials for the benefit of the Orange county workers.

Every man and woman in the county interested in the Sunday school work was urged to attend the conference.

The Rev. P. F. Schrock, pastor of the First Congregational church, was to give the devotional address at 4 p. m. This was to be followed by separate divisional conferences beginning at 5 p. m. and a basket luncheon at 6 p. m.

The proposed changes will be announced at the open conference, which will start at 7 o'clock.

HAS YOUR LIGHT BILL JUMPED? REASON TOLD

Long nights make big electric light bills.

This is just as true in 1920 as it has been in other years.

Recently many customers of the Southern California Edison company have been reminded that bills received in December and January are nearly always the biggest bills of the year, for electric lights. In December it gets dark before 5 o'clock, and in June daylight does not end until 7.

Comparing their bills this winter with corresponding bills for last winter, many people have begun to wonder without stopping to analyze their bills. The family feels sure that it is using no more light than it did a year ago. Why, then, should the bills be higher?

The reason probably lies in the fact that there is now being collected a surcharge of twenty-seven percent. Beginning with April 20, 1920, a twenty-seven percent surcharge was placed on light bills. This was done under an order of the State Railroad commission, which issued the order after it had investigated the high cost of the operation of the company.

The order of the commission was a temporary one. The period for which it was fixed is to end January 20, 1921.

It is expected that before January 20, the State Railroad commission will issue a new order adjusting the surcharge or fixing a new rate. What the commission will do is not known. It has completed hearings in Los Angeles and at Visalia, and the evidence upon which it is to reach a decision for Edison rates is now before the commission.

The Santa Ana office of the Edison company has always exerted extreme care in the installation and testing of its meters. Its instructions in meter tests is for the meter making the test to report every inaccuracy. Recently many tests of meters have been made, and reports at the Edison office are to the effect that the meters in Santa Ana are uniformly correct in their registration.

PENILESS ACTRESS ENDS LIFE IN PARIS

PARIS, Dec. 28.—Another screen star has become a victim of the giddy life of Americans in Paris. Mrs. Halley Peck, formerly Miss Whatley of Louisville, is a suicide, having died of veronal poisoning. Peniless as a result of her gilded life in an expensive apartment, restaurants and dance halls, and falling of an engagement she took to drinking. It is said she tried suicide repeatedly. Thursday her husband started divorce proceedings.

'COAL CLUBS' BUYING CARLOADS AT MINES

BOSTON, Dec. 28.—Thousands of persons in Massachusetts are buying coal on a co-operative basis and many corporations are making purchases for their employees, State Fuel Administrator Hultman announced. He said also that, because of a market shortage, 500 residents of Essex had been obliged to pay \$22 to \$24 a ton. Because many small dealers are unable to fill orders, Hultman said, consumers in many localities have formed coal clubs buying in carload lots at the mine.

He was married October 12, 1910, to Miss Freda Schusser of San Diego, at her home in that city.

He was a member of the Santa Ana Rotary Club and president of the Santa Ana Insurance Club. As a mark of respect to his memory the insurance offices of the city will be closed tomorrow afternoon during

JOHN McFADDEN ANSWERS LAST CALL; DEATH BIG SHOCK IN CITY

Insurance Man Wages Futile Fight With Death for Seven Weeks

COMMUNITY IN SORROW

End Comes to Well Known Citizen at 10:30 Last Night

John A. McFadden, insurance man and one of the best known and most active citizens of the county, died at 10:30 o'clock last night at the Community hospital.

His death came as a distinct shock to people of Santa Ana and Tustin today. Though it was known that he was in a critical condition, it was not known by his friends until yesterday evening that the end was near.

Mr. McFadden had not been in good health for some time.

Seven weeks ago he underwent an operation at the hospital in the hope that he might be relieved of conditions that were undermining his health.

He battled courageously for his life for seven weeks, with encouraging progress at times followed by relapses that weakened his vitality. He was 43 years of age.

Funeral services will be held tomorrow afternoon at 3 o'clock at the Smith and Tuthill funeral parlors, with the Rev. J. A. Stevenson in charge of the services.

Mr. McFadden is survived by his wife and son, John, familiarly and lovingly called "Jack," seven years of age. His sisters are Miss Jeanette McFadden, librarian at the Santa Ana Public Library, Miss Effie McFadden, a member of the faculty of the San Francisco Normal and Miss Elizabeth McFadden, of the faculty of the San Jose Normal. A brother, William McFadden, resides at Brawley, Imperial Valley. The sisters and brother are here.

Mr. McFadden was a nephew of Mr. and Mrs. Robert McFadden and Mrs. John McFadden of this city and Mrs. James McFadden of Alhambra.

Helped Build Community
A progressive and public spirited citizen, John McFadden was active in the promotion of the interests of anything of a character that tended to build up the community in which he was born and brought up. He was generous to a fault in the time and energy devoted to public and his counsel and executive ability were always sought in movements of a public character.

A man of fine instincts and honest in his dealings, he was respected and admired by all who had the pleasure of his acquaintance.

Although he made his home at Tustin, his activities in late years have been centered in Santa Ana. He was a member of the board of directors of the Santa Ana Chamber of Commerce in 1916 and 1917 and the enthusiasm and ability displayed by him in this work resulted in the members of the organization elevating him to the presidency of the Chamber of Commerce in 1918. He served in that capacity efficiently for the term and upon completion of the period for which he was elected became an ex-officio member of the board.

Aids War Work
In 1918 he gave practically most of his time for the full year to assisting the government in war financing work. He was county chairman of the War Savings Stamp committee and even neglected his personal business to give attention to putting the drive for the sale of stamps on foot during that year.

It was due to his untiring energy and faithful work that the county made the fine showing it did in absorption of the quotas assigned to the communities of this section. John Andrew McFadden was born in this city, on McFadden street, Nov. 29, 1877, the son of Mr. and Mrs. Archie McFadden, pioneers of the valley, who arrived here in 1876. The parents have passed to their final reward. The mother died last January.

He went through the public schools of this city, graduating from the high school in 1898, with honors as president of his class.

He entered Stanford, where he took a two-year preliminary course in pharmacy, completing his course in the school of pharmacy of the University of California. Following his graduation he was employed in a drug store in San Francisco for two years.

Manages Ranch
Close confinement affected his health and he returned to Santa Ana and took over the management of his father's ranch on Lyman street. Five years ago he opened an insurance office in Santa Ana and his energy and popularity quickly developed for him a lucrative business. He maintained an office in the Spurgeon building.

He was married October 12, 1910, to Miss Freda Schusser of San Diego, at her home in that city. He was a member of the Santa Ana Rotary Club and president of the Santa Ana Insurance Club. As a mark of respect to his memory the insurance offices of the city will be closed tomorrow afternoon during

BOXING FOR GIRLS MOVE IS APPROVED

(Continued from page seven.)

R. P. Mitchell also favors boxing as a girls' sport. "Many of the schools in the county," he said, "have installed boxing gloves as a regular part of their equipment. The girls are free to use these if they desire, and I do not believe there is or should be any stigma attached to a girl who favors this healthy form of exercise."

"There are no regulations in this county prohibiting boxing among girls. The boys in the schools make frequent use of the gloves. Boxing events are, of course, under the same jurisdiction and direction as other forms of athletics in the schools. If disputes arise among the boys during boxing bouts, they are stopped, just as disputes in other sports are stopped. I see no reason why the girls should not box if they care to do so."

How About Black Eyes? Of course, many girls might hesitate to indulge in the sport for fear of an accidental black eye, which might prove embarrassing at a party or in the presence of callers, but they would have one advantage, at least as long as the present form of head-dress continues—they wouldn't be embarrassed at all in case they should get a cauliflower ear!

HOLT LEAVES FUND FOR OLD EMPLOYEES

STOCKTON, Dec. 28.—The will of the late Benjamin Holt, tractor manufacturer, president and founder of the Holt Manufacturing company, was filed for probate in the Superior court here. The estate is valued at more than \$10,000, according to the figures given, but is believed in well-informed circles to be the largest in the history of San Joaquin county.

Executors named in the instrument are C. L. Neumiller and O. H. Eccleston. The executrix is Anna Brown Holt, the widow, to whom half of the estate is bequeathed.

One sixth of the estate is divided in equal shares between the five children: Alfred Brown Holt, William Knox Holt, Mrs. Warren H. Atherton, Benjamin Dean Holt and Edison A. Holt. The sum of \$25,000 is bequeathed to the executrix and executors "for aid and assistance of the old and faithful employees of the Holt Manufacturing company of Stockton, who may after my death, through sickness and distress, need financial assistance, and those to whom the amount thereof, any financial aid and assistance, shall be rendered by my said executrix and executors shall be entirely with their judgment and discretion."

the hour of the funeral, 3 to 4 o'clock.

He was a former president of the Santa Ana High School Alumni association and always took an active interest in school affairs of the city.

His death left a deep shadow in the hearts of the men of the Rotary Club, with whom he was very closely associated. The announcement of his death came on the day of the regular weekly club meeting. The club directors this morning postponed the club session, for which a program had been arranged today. The Rotary members will attend the funeral tomorrow afternoon in a body.

KENTUCKY SOLDIERS GUARD NEGRO SLAYER

LOUISVILLE, Ky., Dec. 28.—To prevent possible mob violence seventy members of the Kentucky National Guard boarded a train carrying Lee Ellison, a negro charged with the murder of Sheriff Scott Hunter of Hopkins county, to Madisonville for trial. They will protect Ellison throughout his trial, which began today. Ellison, it was charged, shot and killed Sheriff Hunter in Madisonville on November 5, when the officer attempted to arrest him for alleged whisky "bootlegging."

PLAN TO REMOVE POLES, WIRES FROM MAIN

(Continued from page seven.)

has completed paving on Seventeenth street east from Santiago street to the city limits, reported he had been unable to collect for half of the intersection put in at the corner of Seventeenth and Santiago streets.

Ford said it developed after the work had been completed that the owner of the property on the corner had not signed a contract and therefore had refused to pay the costs, \$60.31. Ford asserted that when he put in the work he was under the impression that the city would pay for it. A man named Miller owned the property at the time work was started. The place has changed hands twice since, it was stated at the meeting. According to Ford, Miller refused to pay the bill.

Greenleaf and Tubbs were appointed a committee to take the matter up with the present owner or Miller and see if a satisfactory adjustment could be made.

Discovers Water Channel

With preparations under way for paving Orange avenue, a water channel has been discovered about four feet under the surface and in line with the main sewer put in some years ago. S. S. Finley, who has the contract for paving, brought the situation to the attention of the council, and advised that something should be done to correct the condition before the paving is laid, as later it might cause the pavement to break down.

The condition is believed to be the result of improper settling of the trench when the sewer was laid. The sewer is about eight feet deep and the water channel has developed about midway between the sewer line and the surface.

Street Superintendent W. W. Hoy and Sewer Superintendent Walter Wray were instructed to take whatever action may be necessary to eliminate the channel.

Proceedings for the opening of Cubbon street east from Main were started anew last night with the adoption of an ordinance providing for the opening. The street will be fifty feet wide. The assessment district for the opening is smaller than was proposed in the original proceedings.

Territory Limits

The district embraces the territory between Bishop and McFadden streets, north and south, and east from Main to a point 125 feet east of Orange avenue. Originally the district extended east to the Pacific Electric tracks.

Sewer Superintendent Walter Wray was authorized to put in new sewer lines on Walnut, from Birch to Ross; on Ross, from Walnut to Chestnut; and on Pine, from Ross to the alley between Ross and Birch.

Paving is to be put in on Walnut and Ross. A number of sewer connections of properties on the streets have been made by running lines over adjoining private properties.

Possibility of trouble developing on the private rights of way in the future determined the board in ordering the sewer in on the streets, so that all properties could be connected to lines in the streets.

Council Briefs

Ordinance No. 660, submitting the recently drafted charter to vote of the people on February 21, was adopted.

Ordinances re-establishing the grades on East Fourth, Main and East First were adopted.

An ordinance establishing industrial districts in the city was given its first reading and referred to City Attorney G. H. Scott and special Attorney Clyde Bishop.

The street superintendent was authorized to sign a contract with Kent and Osterman for paving the alley between Fourth and Third from Main to Bush.

K. D. FOR GIGANTIC BOU PURSES, PLAN

NEW YORK, Dec. 28.—National supervision of boxing, proposed by the International Sporting club, may save boxing when other means have failed.

The Walker boxing bill, under which boxing has flourished so in New York, brushed aside all the old stones that made the road rough for the sport, but it overlooked a fallen tree across the path in the distance—commercialism.

It all comes down to one very important point. The sport at its best has been made possible by the Walker bill, but, as the fans are saying—"what good does it do us when we can't afford the prices charged to see it?"

Boxers "Cashing In." Rivalry between promoters is causing such immense purses for boxers that the freight has to be paid some place and the fans are being asked to do it.

Tex Rickard, premier New York promoter, says: "Why is it that boxers who will work outside the state for \$1200 want \$12,000 from me?"

Other promoters say: "Rickard offers them thousands and we have only hundreds."

The boxers are playing both ends against the middle and they are cashing in.

Governor-elect Miller, it is understood will make it one of his first moves in office to amend the boxing bill so that the sport will be put within reach of the "little fellows" for whom it was originally intended.

Favors Lower Charges. The International Sporting club has called a meeting of delegates from 18 "boxing states" here for January 10, 11 and 12. The club will attempt to form a working agreement between the 18 states that will amount literally to national supervision of the game.

The first thing the club will recommend will be the curbing of immense purses and the adoption of football and baseball prices at the gate. Motion pictures of bouts also will be prohibited.

REPUBLIC PETROLEUM

In Huntington Beach

DRILLING started December 27th, on the first Huntington Beach well of Republic Petroleum Corporation. This well is located on Lease No. 1, about 1,500 feet east of the property on which Standard Oil Company has two producing wells. Huntington Beach No. 2 is to follow shortly on Lease No. 2, a short distance to the south. Both wells will use rotary equipment, and should be quickly completed, as the formation here permits rapid drilling, and oil is attained at comparatively shallow depth. Republic Petroleum's Field Manager is personally supervising the Company's Huntington Beach operations—lending his twenty years of California oil experience to assure the success of work here.

Four leases, totalling 36 acres in the new gusher field are now held by Republic Petroleum. Additional acreage is under consideration. The present leases we consider absolutely proven, and look for production in keeping with that of wells now producing in this field. While the operations at Huntington Beach are but one step in the Company's campaign of development in California fields, highly attractive production is expected—production which will materially increase Republic Petroleum's present earnings and profits, and permit increased dividends.

31 Producing Wells— Holdings in 9 California Fields

Republic Petroleum's proven and semi-proven properties are the Company's foundation. Production in the Midway, McKittrick and Newhall fields is a substantial basis upon which to undertake steady expansion in other fields.

With its subsidiary companies, Republic Petroleum now has these holdings in California:

Midway District	520 Acres
McKittrick District	80 Acres
Maricopa District	80 Acres
Castaic District	820 Acres
Pico Canyon District	100 Acres
Ventura County	325 Acres
Newhall District	550 Acres
Richfield-Placentia District	80 Acres
Huntington Beach District	36 Acres

TOTAL 2,591 Acres

Of this total, 1,020 acres are producing. The remaining acreage is well located, and being proven by development of adjoining properties.

Production from 31 wells is reinforced by royalty profits from 20 additional wells in the Midway field.

A Policy Carefully Shaped to Insure Healthy Expansion

Conservative progress has placed Republic Petroleum in its present sound position among oil producers. Activities are such that the Company's growth is steady and certain. Development is continual; new properties have been acquired, and others are under consideration; and as in Huntington Beach, development is undertaken where the outlook for attractive profit is greatest. The Company's present success is ample proof of the soundness of this policy.

Steady Growth in Earnings—Profits—Dividends

In little more than a year since its organization, Republic Petroleum has attained power among oil producers. Incorporated in September, 1919, with a capitalization of \$1,250,000, the Company has increased its assets to approximately \$2,500,000. Production has been brought to its present figure—around a quarter-million barrels annually. Profits from present production far exceed the dividend rate of 12%. Ample surplus is therefore available for use in increasing the Company's activities and adding to profits. The purchase of a refinery, now under consideration, may be cited as an example of the Company's plans for increasing scope and magnitude.

An Active Stock on the Los Angeles Exchange

Favorable developments, affecting the interest of stockholders, can be expected very shortly. This fact, coupled with the Company's sound position, is already having its effect on Republic Petroleum stock. With the book value of the Company's holdings approximating 60 cents per share, the present market affords highly attractive speculative possibilities. We look for this stock to rise to new high levels, due to the probability of materially increased profits during the coming year. Immediate purchase is advisable, as the Company's activities are already being reflected in its increasing price on the Exchange. Your orders on this security will be given prompt attention.

New Wells are Being Added by Constant Drilling Activity

Two strings of tools work continuously on the Corporation's Midway holdings, drilling only on proven acreage, and adding steadily to the total of producing wells owned by Republic Petroleum.

At Newhall, the recent completion of a well which showed better than 100 barrels daily on a thorough pumping test, has added appreciably to the Company's production and profits. This well, brought in to the southwest of Republic Petroleum's other producers, has proven between 300 and 400 acres of the Company's ground. Two strings of tools are kept constantly drilling here, operating on the ground thus proven.

Profits in both these fields are made highly attractive by the low cost of operation. Oil is reached at shallow depth, and wells can be quickly completed at slight cost. The long life of wells insures steady, constant profits—the proven nature of the Company's properties permits continual extension of operations and certainty of increasing production.

These Men Have Built Republic Petroleum Corporation

Efficient management is the explanation of Republic Petroleum's success. Officers and Directors are alike active in their work for the Company's interests.

Earnings That Give Assurance

Investors in the \$30,000,000 Standard Oil of New York 7% Serial Gold Debentures, due 1925-1931, have practical assurance of an exceedingly sound investment. Net earnings before Federal Taxes for four years ended December 31, 1919, averaged twenty times interest charges; for 1919 nearly twenty-eight times; for 1920, estimated at nearly twenty-nine times.

These debentures constitute the only funded debt of the Company. The present market value of the Company's stock, representing the equity behind these bonds, is about \$250,000,000.

The balance sheet of the Company as of June 30, 1920, shows total net assets exceeding nine times the issue. Net quick assets alone are over five times.

These debentures are a safe investment for your funds. Price is 100 and interest for all maturities. The yield is 7%. In \$1000, \$500 and \$100 denominations.

Call at our office today, write or phone for full information—without obligation.

Ask also for a list of sound, safe investments for your January funds—and get full information now.

News From Orange County Towns

CHURCH FILLED FOR
CHRISTMAS PROGRAM

WESTMINSTER, Dec. 28.—In
spite of the threatening weather,
a well filled house enjoyed the ex-
cellent program given at the Presby-
terian church on Christmas Eve. A very
pretty Christmas tree occupied one
corner of the room and smilax was
used for decoration.

The program for the evening fol-
lows:
Hymn—O, Come All Ye Faithful...
Invocation... Rev. W. T. Wardle
With the Shepherds—Scripture read-
ing... Helen McCoy
The Welcoming Throng—exercise.
Song... Girls
Titles of Jesus... exercise
Christmas Flowers—Shirley Day,
Vera Stuart and Naomi Danforth
The Heavenly Gift—recitation...
Song—Angels Adore Him... Mildred Mansperger
Watching In Christmas—recitation,
... Lottie Knox
Song—Jesus Loves You and Me...
Kings Messengers... exercise
Duet—"All Hail Thou Gladdening
Christmas Day"—Misses Mar-
jory and Fern Byram.

Gifts for Jesus—exercise; three boys
A Little Christmas Tree—recitation
... Wilma McClintock
Duet—"My Heart Breathes a Wel-
come"—Misses Alberta Baker
and Lenora Homer
Hollyberries... exercise
Prayer—Recitation—Alberta Knox
The Star... exercise
Little Star—recitation—A. D. Baker
Holy Night—song in costume
Fay McCall
Merry Christmas—recitation—Chas.
Anderson

Short talk by Rev. Wardle...
Hymn—"Hark the Herald Angels
Sing"... Audience
Santa Claus announced his com-
ing with the rattling of chains and
came in looking as natural as life,
to the great amusement of the chil-
dren except one or two of the very
little ones who were not acquainted
with the old fellow, and cried
out in terror, but finally became sat-
isfied that he would not harm them.
After giving a short talk, he asked
the children if they would like to
take up a collection for the starving
children in China, to which they
gladly responded, and the baskets
were passed. The presents were then
distributed to the children.

TUSTIN

TUSTIN, Dec. 28.—C. E. Mar-
shall and family took dinner Christ-
mas day with Mr. Marshall's brother,
Richard Marshall, on the Newport
road.

Mr. Gordon and family are spend-
ing a few days in the city, visiting
friends.

Mr. and Mrs. L. Kiser took dinner
with their son, Ed Kiser and fam-
ily.

Mr. Pollard and family have re-
turned from their eastern trip. Al-
though they enjoyed the trip very
much, they are glad to get back to
California and Tustin.

Mr. L. H. Crafts, manager of the
Rock Bottom store at Tustin has
purchased a bungalow on A street
and expects to move into it soon.

Mr. and Mrs. S. Stevens enter-
tained their son, Horace and wife,
Christmas day.

Mr. and Mrs. L. A. Cook, with
their entire family held a reunion
and enjoyed a beautiful tree at
Cook's Christmas day.

Mr. Carson, who has been sick for
some time, is still unable to work.

Mr. and Mrs. E. O. Stice from
Phoenix, Arizona, motored to Tustin
to enjoy a Christmas turkey with his
sister, Mrs. Preston.

Mrs. Keith, E street, who is suffer-
ing from ptomaine poisoning is re-
ported to be better at this time.

Mrs. Thomas, E street, who is
an invalid, has been confined to her
bed for some time and is now able
to sit up. She is looking forward
to regaining her normal health soon.

Mrs. Beswick's sister, Mrs. Towler
and son from Modesto are spending
the holidays with her while Miss
Katherine Beswick from Stanford
University is here for Christmas.

Mr. E. E. Smith's daughter, from
San Diego, is coming to be with
home folks, for the season.

Mr. Page and family from Indiana
are living on Washington street
while he is working on the May-
bury ranch.

Miss Valencia Ruiz of Washington
street school in Anaheim, is spend-
ing her vacation at home.

WILL START DIVORCE
REFORM IN OKLAHOMA

OKLAHOMA CITY, Okla., Dec. 28.
—Rev. E. D. Cameron, of Henryetta,
President of the National Anti-Di-
vorce League of the United States,
announced today he will submit to
the next Oklahoma legislature,
which convenes in January, a bill
providing that applications for mar-
riages in the state be advertised in
newspapers for sixty days before the
wedding occurs.

According to Cameron, other sal-
ient features in his proposed bill in-
clude:

That a petition be filed in the
county court specifying sex, domi-
cile, whether previously married; if
so, if former wife is dead or divorced
and, if divorced, the grounds.

That a certificate from a promi-
nent physician must accompany the
application showing that neither
party has a contagious or infec-
tious disease.

That all marriages be performed
by an ordained minister, eliminating
justice of the peace.

The clergyman asserted that if the
lawmakers refuse to adopt the bill,
he will present it to Oklahoma's
electorate by an initiative petition.

Cameron said the work of the or-
ganization will be extended to other
states later.

REV. NAKAMURA DOING
GREAT MISSION WORK

WESTMINSTER, Dec. 28.—
Tuesday evening, Pastor W. T.
Wardle of the Presbyterian
church and Elders, Charles C.
Johnson and O. B. Bryman added
twelve more Japanese names to
the roll of membership.

The meeting was held at the mission
in Wintersburg. Seven were re-
ceived into full membership and
five children by baptism. This is
a fair sample of the excellent
work the Rev. John Nakamura
is doing among his people.

At the close of the service
Mrs. Nakamura served all pres-
ent with tea and Japanese
cookies. She then presented a
number of pictures and other
mementos of the World's eighth
International Sunday School
convention which she attended
in October, in Tokyo, Jap. A
bronze medal of Buddha created
a great deal of interest.

BLOCK WIDE STREET
PLAN AT ANAHEIM

ANAHEIM, Dec. 28.—City Man-
ager Stewart reported to city coun-
cil that two property owners had re-
fused to sign the Cypress street wid-
ening agreement and that William
Alexander had made two suggestions
before affixing his signature. The
agreement presented by the city to
property owners was that all busi-
ness construction on the street shall
be set back ten feet on either side
and that when 50 per cent of the
street is so built up the street shall
be widened.

Alexander suggested that the
agreement be limited to ten years,
that is, if within that time the street
did not become a business section,
the agreement should no longer em-
barrass property holders. Council
agreed that this was all right. He
also asked that a similar agreement
be enforced on Chartres street.
Council did not agree to this, prefer-
ring to handle each street separately.
Chartres street, it was stated, was
taking care of itself.

City Manager Stewart also re-
ported to city council that the sewer
extension asked by Mrs. Geo. Mat-
tis on South Palm street would en-
tail 1275 feet of sewer pipe, two man-
holes and one flush tank. At prices
similar to that on the work in the
Elliott and Anderson addition it would
cost \$1332. There are three resi-
dences at present to be served. City
Manager Stewart reported Mrs. Mat-
tis complained that on account of
the soil in that vicinity cess pools
rapidly filled up by irrigation water.

The matter was referred to the fi-
nance committee after a suggestion
that it be held up until the city votes
on a sewer bond issue the council is
planning to put up.

LOSSES LEG FROM
INJURY IN CRASH

BREA, Dec. 28.—Clare Smith, 14,
son of Mr. and Mrs. Boyd Smith and
cousin of Mrs. Ed Thwing, wife of
the new city marshal of Fullerton,
was dangerously injured when a mo-
torcycle he was riding ran into a
Ford speedster driven by Conrad
Campbell of the West Coast Oil Co.,
about two miles from Brea, on the
Brea-Orinda road.

The boy's leg was broken in fifteen
places so badly that an amputation
between the knee and thigh was
necessary, and he suffered a basal
fracture of the skull. A piece of
bone torn from his leg was found
this morning near the scene of the
accident. The boy was rushed to
the Fullerton hospital immediately
following the accident, where he was
given surgical attention by Dr.
Cowles. A boy about the same age
named Dwyer was riding the motor-
cycle behind him, but escaped with
only a few minor scratches. He was
able to be on the streets of Brea
after the accident. Mr. Campbell,
who was driving the Ford, was not
injured.

The accident happened when the
boy was coming along behind a
truck, swerved to pass the truck and
did not see the speedster until too
late, striking it in a head-on collision.

The boy has regained conscious-
ness and shows signs of improve-
ment. It was stated at the Fullerton
general hospital today. Dr. Cowles
says that he has a 50-50 chance of re-
covery.

Boyd Smith, the boy's father, is
an old resident of Brea and well
known throughout North Orange
county, having been a driller in the
local oil fields for 18 years. He is
the youngest of five sons, and is
strong and husky, which is counted
a big point in favor. He only recent-
ly purchased his motorcycle.

WRITERS TAKE HEED;
CHANCE TO WIN COIN

UNIVERSITY OF CALIFORNIA,
Dec. 28.—Here's a chance to make
some money on merit.

Win 5,000 francs by writing the
best essay on the subject "Tolera-
tion," economic, political or religious.

According to word received by
President David P. Barrows of the
University of California from Paris,
this amount is offered for the win-
ning paper on the above topic writ-
ten in the English or French lan-
guage submitted not later than Sep-
tember 1, 1921.

The donor is Mr. Henry Peartree,
one of the founders and a former
President of the American Chamber
of Commerce in France. A like
prize of 5,000 francs is offered for the
second contest ending March 1, 1922.

Twenty thousand words or less is the
prescribed length. As soon as you
have completed the winning essay,
place it in an envelope marked
"Toleration Prize Essay," and ad-
dress it to the American Chamber of
Commerce in France, 32, rue Tai-
bout, Paris.

IMPROVED 40 ACRE FARM

for sale at a price that you can make some money on. This place is located near San Bernardino and is improved with house, barn, two good pumping plants—one electric and one gas engine—throwing about 70 inches of water. Good underground 12 inch cement pipe lines over the entire 40 acres. One 20 acres is fenced with a good hog tight fence. Land is a sandy loam and fine for vegetables or alfalfa, one-half mile off boulevard. There are about 40 head of hogs, one team and some tons of grain with the place at the price of \$21,000. If interested in something of this kind, come in and see me about this.

ORGANIZE 3 NEW OIL COMPANIES IN COUNTY

The fact that Orange county is considered as potentially a banner oil county, and that it is believed that oil strikes have only begun, is evidenced by the large number of new oil companies which have incorporated lately, as well as the number of well known companies, already operating elsewhere, that have recently filed copies of their incorporation papers with County Clerk, J. M. Backs, presumably with the idea of entering the field here.

The petitions of three new oil companies, whose total authorized capitalization amounts to \$2,250,000, were today on file with County Clerk Backs.

Practically all of the founders and directors of these companies are well known Orange county men. The Santa Ana Petroleum company is capitalized for \$250,000. Its directors are Edward H. Stanley, Tustin, John E. Hall, Carl A. Shipkey, Cary R. Deaton, Arthur H. Paterson, Herbert M. Bergen and Ed Tedford, all of Santa Ana.

The Talbert Oil company is capitalized for \$1,000,000. Its directors are T. B. Talbert, of Huntington Beach, W. H. Taylor, of Arcadia, N. T. Edwards, of Santa Ana and Lloyd W. Moultrie, a Los Angeles attorney.

The Huntington Crude Oil company is also capitalized for \$1,000,000. Its directors are John Cook, of Anaheim, Floyd B. Keslher, Anaheim, Robert W. Edens, Fullerton, Fred H. Garrison, Anaheim and N. D. Brook, of Villa Park.

In addition to these companies, copies of the incorporation papers of several well established companies were filed last week.

POPE BENEDICT LISTS FIVE SOCIETY EVILS

ROME, Dec. 28.—Five evils afflict present day society, Pope Benedict said in response to greetings of Cardinal Vanutelli, head of the college of cardinals. "These are: Indiscipline, hatred among brothers, inordinate craving for pleasures and enjoyment, refusal to work and loss of faith in God."

The reply of his holiness dwelt on social reconstruction, as the cardinal in his message had praised the Pope's efforts in that direction.

"The war is not over if men are still fighting among themselves," said the message. "Moral damages are greater than the material."

"The nations and peoples will vainly endeavor to reconstruct if they forget what is written in the holy book—that reconstruction is impossible without God's co-operation."

The message, "It is the mission and the duty of the pope to remind society of this warning."

BARONESS DE KORWIN FOOLED BY A TITLE

CHICAGO, Dec. 28.—Baroness Cecile De Korwin, daughter of the late Otto Young, Chicago merchant, and heiress to \$25,000,000, bravely faced disillusionment and advised American girls to marry American men and not titles.

"Oh, give me the American man," she said. "These foreign noblemen are handsome, they have romantic eyes and make love so well, but after all the American is the one to marry."

Baroness De Korwin is here fighting against the application of her husband, Baron Joseph De Korwin, for a writ of habeas corpus to obtain custody of their child, Stanislaus.

POLICE MAKE LIQUOR RAID ON WOODSHED

SACRAMENTO, Dec. 28.—G. A. Dalesandro, Italian, was arrested by a squad of detectives after a small barrel of jackass brandy had been found in a woodshed in the rear of his home. The raiding officers also found six barrels of fermented grape juice in the basement of the house. The house owner was taken to jail on a Volstead Act charge. He is at liberty on bonds pending preliminary hearing before United States Commissioner Wallace Sheppard.

The arrested man told the police the brandy as well as the grape juice belonged to a man named McKay, who rented the back yard shed. He said the latter had gone to San Francisco for the holidays.

The authorities declare the premises are frequented by taxicabs and other vehicles calling for liquor to be delivered to barrooms. Milk cans are used in the transportation, it is said.

WATER COMPANIES MERGE UNDER ORDER

SAN FRANCISCO, Dec. 28.—Authorization was granted here by the State Railroad Commission for a transfer of the properties of the Union Water company of California to the East Bay Water company.

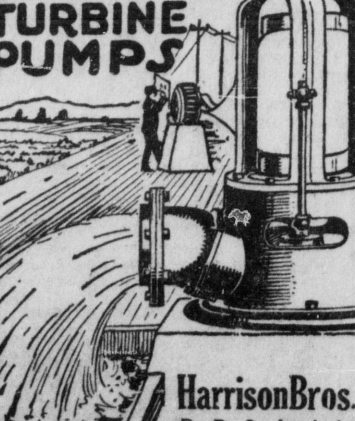

The commission fixed the value of the Union company's properties at \$1,100,000. The two companies serve points on the east shore of San Francisco bay.

SOVIET'S ENVOY IS ORDERED BACK HOME

NEW YORK, Dec. 28.—Ludwig C. A. K. Martens, Russian soviet "ambassador" to the United States, notified the Department of Labor that upon instruction from the Moscow government, just received by cable, he will surrender himself for deportation January 3.

The Moscow advices directed Martens not to appeal from the order for his deportation, signed by Secretary of Labor Wilson recently, but to return to Russia as soon as possible with his entire Russian staff.

Cancellation of all contracts negotiated for the Russian government with American firms, said by Martens to amount to some \$50,000,000, was ordered.

Southern California

LONG BEACH.—Mrs. Margaret Thomas, 64 years old, a recent arrival in Long Beach from Red Oak, Iowa, was struck and probably fatally injured by a Pacific Electric three-car train in front of Hotel Virginia. At the Seaside hospital it was feared the aged pedestrian was suffering from a fractured skull.

LONG BEACH.—Two separate drives for \$50,000 each to finance restoration of the wrecked dome of the new First Christian church were launched here today. Two hundred workers, enrolled in twenty teams, met in the Congregational church to prepare for the campaign to be waged by the citizens' executive committee as a civic movement.

PASADENA.—Charged with a number of burglaries in this city last week, a man giving the name of Louis Simons forfeited \$500 bail in the court of Justice R. G. Thompson. Simons is charged with entering the home of J. C. Daniels at 439 Lester avenue. The police have clothing and other articles recovered from the man's room in Los Angeles and from pawnshops, which they believe he stole and which they ask persons recently robbed to call and try to identify articles.

RIVERSIDE.—The Riverside Chamber of Commerce sent telegrams to the senate finance committee and to Senators Johnson and Phelan, asking that the tariff on lemons be made 2 cents a pound.

SANTA BARBARA.—Plans are under way for the construction in the near future of 100 houses in this city by a Santa Barbara man, whose name is being withheld for the present. The proposed houses would occupy five city blocks. They will probably average from \$3000 to \$3500 each in cost.

PASADENA.—A special train of Clevelanders is coming here to see Ohio State play football with California New Year's day. Word to this effect was received by W. R. Flynn, local Santa Fe agent. The party of Ohio people is headed by Josiah Kirby, president of the Cleveland Discount company, and numbers 125 persons. It will leave Chicago Dec. 28 and arrive in Pasadena the morning of Jan. 1.

CORONA.—Fidel Ganahl, owner of one of Corona's most sightly citrus properties, located at the head of South Main street, has been informed by an eminent geologist that there is a bright prospect for oil on his property.

RIVERSIDE.—Whether the presence of three Santa Fe officials at the annual meeting of the Yucaipa Chamber of Commerce meeting tonight will eventually figure in the building of a railroad into the apple producing valley is a question which Yucaipa residents are discussing.

PASADENA.—Assistance to the city in examining into the proposed San Gabriel Canyon source of water for Pasadena was offered by E. C. La Rue, chief of the United States geological survey office here. La Rue is a noted reclamation engineer and, as a taxpayer of the city, he offers to give his services in making a preliminary investigation of the project.

LONG BEACH.—The first annual Long Beach Industrial Exposition, opening the week of January 31, is going to show the industrial and harbor facilities and how both have increased recently. This is a new move on the part of the Long Beach Chamber of Commerce.

RIVERSIDE.—At a meeting of the Riverside county board of supervisors the contract for two miles of the Corona-Elsinore highway was let to the R. T. Shea Contracting company of Riverside. The bid of this firm was \$33,750.

PASADENA.—With a formal dinner and dance, the Hotel Raymond opened its season last night. The event was a brilliant one, attended by many of the society people of the city. South Pasadena and Los Angeles. Presence of the Ohio State football team gave zest to the occasion. Mr. and Mrs. Walter Raymond personally greeted their guests and were the recipients of many good wishes for a highly successful season at the Raymond.

BUSINESS OUTLOOK PLEASING TO GARY

NEW YORK, Dec. 28.—Elbert H. Cary, chairman of the United States Steel corporation, in an article in the current issue of Leslie's Magazine says:

"While I recognize and for many months have comprehended dangers in the general situation, I am more optimistic in regard to the future of this country than I have been at any time during the last six years."

"If people generally will recognize the possible dangers and will, each for himself, or herself, do everything possible and practicable to improve conditions we shall soon return to a basis of living which should be entirely satisfactory."

Home-made candies at home-made prices. Nougats, fudges, creams, Lion Candy Kitchen, 211 West 4th.

OHIO GRIDDERS SHOWING JAZZ IN PRACTICE

PASADENA, Dec. 28.—With practically all their plays and their defense perfected, football squads of Ohio State and California were being put through one of the final workouts today in preparation for the big east-west game on New Year's day.

The Buckeye athletes, looking like so many tramps in their tattered and soiled uniforms, impressed everyone with the business-like manner in which they are whipping themselves into shape for the fray. They had a hard scrimmage yesterday and another was on the program for today.

Buckeyes Show Speed

Coach Andy Smith of the Golden Bears is going to see to it that his boys get in the finest possible physical condition before the conflict.

Buckeye practice so far has consisted principally in galloping up and down the field, heaving and receiving forward passes. Speed and the ability of the backs and ends to throw and to pluck the ball from high in the air has already gained the admiration of onlookers.

California appeared to be ready to step into the game at a moment's notice. Every move testified to the fact that the men of Coach Smith are in perfect condition.

"Tarzan" Taylor, Ohio's guard, who has a habit of hopping into battle without any head harness, is making 'em sit up and take notice. Many cleat marks are engraved in his face and head as a result of that habit.

Henderson Praises Taylor

Coach Elmer Henderson of University of Southern California football team said today that if Dean Trotter, the other Ohio State guard named by Walter Camp for the All-American eleven, is a better man than Taylor he must be some man.

Those who have watched Ohio State in action agreed the team appears to be well coached and trained and many experts here credit that if the Buckeyes play football the way they practice, California will have an awful time winning Saturday.

UP-STATE NEWS

LINDSAY.—The orange belt of Tulare county for the past few weeks has been the busiest portion of the Golden state, while pickers were gathering and packers shipping the \$1,000,000 crop of golden fruit, in one of the best seasons which that section has enjoyed as regards yield and quality of fruit, but while the price has not been up to that of former years, the splendid yield has in a measure compensated for the reduction in price.

MADERA.—Sheriff John Barnett with Constable A. J. Russell and an officer from Fresno, captured a still near Madera Friday night about 8:30 o'clock. The still was on the place of George Henry, about eight miles west of here, where besides the still, fifteen gallons of brandy were found.

REDDING.—The California Peach Growers' corporation has filed for record agreement made with orchardists at Redding in Shasta county for marketing of their peaches. The orchardists agree to let the corporation market all their dried peaches, the minimum price for freestones being five cents. A large price is obtained for the growers' share in the increase. The agreements bind the orchardists for the years 1921, 1922, 1923 and 1924, and are effective for four years more, if the corporation gives notice April 1, 1925. If more than five cents is to be paid, the directors will fix the price before August 1 of each year. Orchardists may sell all the green fruit they please, provided they give notice and get a permit by July 1.

MODESTO.—Savings to the farmers of Stanislaus county of \$93,760 because of the activities of the agricultural extension service, through the county agent and his assistants, are declared to be backed by figures. The annual report of County Agent A. A. Jungerman shows the saving was due to demonstrations in combatting pests, pruning, fertilizing of various crops and other activities that can be traced to dollars and cents. This does not include \$15,000 in road work done by the farmers.

GRASS VALLEY, Nevada Co.—A Central committee and a committee composed of one member from a num-

ber of farm centers is being formed to complete the organization of an irrigation district as it pertains to Nevada county. The task of the general committee is to secure the listing of all available land and a complete canvass is to be made soon.

STOCKTON, San Joaquin Co.—Dissatisfaction which has been brewing between members of the California Bean Growers' association and the Rindge Land and Navigation company will be aired in court when the action over the seizure of 1286 bags of beans belonging to R. Arakawa comes up for trial in the Superior court. The action involves the delivery of the 1920 bean crop in accordance to the terms of contracts signed three years ago.

LOS GATOS.—Mowatt Mitchell, Herbert Hoover's personal representative in London since the war, formerly Stanford football captain, and during the war commander of an aviation field in Italy, is visiting his parents, Mr. and Mrs. John Mitchell, in this city. Mitchell plans to return to New York immediately after the new year.

STOCKTON.—The rural residents of San Joaquin county are giving the deputies appointed to enforce the dog-muzzling ordinance the heartiest co-operation, and in some instances have shot dogs themselves upon observing that the canines were afflicted with rabies. M. S. Hazen and Charles DeCarli of Stockton, have been operating in the Escalon and

Ripon sections, and to date have killed 31 dogs.

San Joaquin county leads the state in the number of rabid dogs within a given area, say official reports, and a state quarantine has been established here.

YUBA CITY.—Quadruplets — two boys and two girls—were born to the wife of Nola Singh, a Hindu, of Live Oak, yesterday. County Recorder H. C. Flannery stated that this was the first record of Hindu children being born in Sutter county. The first duty of the nurse, also a Hindu, was to mark the proper caste insignia upon the foreheads of the new-born infants with white chalk.

PRESNO.—At a meeting held recently in the directors' room of the Fidelity bank, representatives of the farm bureaus of Fresno, Kings, Tulare, Kern and Madera counties went on record as supporting the plan of the public utility department of the California Federation of Farm bureaus to raise a fund for the purpose of fighting any unjust raise in rates by the utility companies of the state.

At 7 1/2 cents per mile, 5 people can travel for less than bus, train or street car fare, not to say anything about the added conveniences and comfort in going and coming when and where others don't go. When taking your next day's outing, remember Copson rents cars without drivers.
